MANAGEMENT DISCUSSION AND ANALYSIS (MDA) REPORT

FORWARD-LOOKING STATEMENTS:

This document contains statements about expected future events, financial and operating performance of Delhi International Airport Limited [DIAL/ Company], which are forward-looking. By their nature, forward-looking statements require the Company to make assumptions and are subject to inherent risks and uncertainties. There is significant risk that the assumptions, predictions and other forward-looking statements will not prove to be accurate. Readers are cautioned not to place undue reliance on forward-looking statements as a number of factors could cause assumptions, actual future results and events to differ materially from those expressed in the forward-looking statements. Accordingly, this document is subject to the disclaimer which is qualified in its entirety by the assumptions, and risk factors that are referred in the management's discussion and analysis of the Delhi International Airport Limited's Annual Report for financial year 2021-2022.

Financial year 2021-2022 and Impact of COVID-19 on Indian Aviation:

The aviation industry across the globe faced an unprecedented situation due to the COVID-19 outbreak. This resulted in near wipe out of passenger traffic across airports in India. In FY 2022, the resurgence of COVID-19 led to the reset of traffic to the minimum level in April – May 2022 period. Second half of the fiscal year started on a positive note with recovery in traffic with domestic capacity restored to 100% in October 2021 but had a temporary setback due to 3rd wave of Covid-19. Restriction on scheduled international operations continued throughout the year and was finally lifted on March 27, 2022. While domestic traffic reached almost to the pre-COVID level in a gradual route to recovery by March 2022, International traffic reached to about 60% - 65% of pre-COVID level by fiscal year end. Cargo volume recovery has been much stronger and reached to pre-COVID levels in FY 2022 and the second wave and third wave have not made a significant impact.

Given that India has been a large domestic market, its' recovery has been relatively stronger. Further, given that air travel was established as a safe mode of travel, it appeared to encourage many first time travellers to travel by air. International travel has struggled to pick up across the world given restrictions imposed by various governments particularly in Asia Pacific region. During the year, your Company was able to expand the network to cover destinations that were not covered earlier. This is likely to further accelerate growth trends post recovery as new destinations and flyers join the system.

The rapidly-evolving situation related to COVID-19 required a robust response by airport operators to ensure the safety of passengers, staff, and operations at airports. DIAL is proud to mention that it has done exceedingly well in the current situation and has proactively implemented contingency plans and adapted wherever needed by developing new ones. We have focused all our efforts towards facilitating a safe and reliable journey for our passengers and are hopeful of a fast recovery of air traffic.

Future Growth Potential:

Indian Aviation Industry is expected to recover completely from COVID-19 during the next 2 years. As per recent estimates from ICRA, while the domestic passenger traffic has almost reached to pre-pandemic level, international air passenger traffic at Indian airports will reach at 80-85 per cent of the pre-pandemic volumes during this fiscal and will completely recover in FY 2024.

With COVID-19 impacting the aviation sector, in FY 2021-2022, Indira Gandhi International Airport, New Delhi [IGI Airport] handled 39.3 Mn passengers and 0.92 MMT of cargo with substantial growth over last year. In FY 2022, IGI Airport has expanded its passenger and cargo market share from pre-Covid level to 20.8% and 29.4% respectively amongst Indian airports. DIAL was once again recognized as the 'Best Airport' for service quality in the region by ACI and 'Best Airport in Central Asia' by Skytrax. IGI Airport will continue to be the leading Airport among all Indian airports in both passenger traffic and cargo handled.

During FY 2022, DIAL's traffic has been impacted by 2nd and 3rd wave of Covid-19 in India. Despite the pandemic, your Company was able to enhance the domestic connectivity within India by connecting to a number of new destinations, and further our passenger surveys showed that a higher number of first time passengers started flying over the past year. Towards the end of last fiscal year, we have seen the domestic traffic recovering to pre pandemic level. Government has also removed restrictions on operation of scheduled international flights which will further accelerate the passenger growth trend post pandemic recovery.

To overcome the crisis, DIAL has been putting efforts towards various fronts such as safe flying and passenger experience, financial resilience, stakeholder engagement and employee health & safety. DIAL has been continuously engaging with the state and regulatory authorities for several initiatives and policy interventions.

DIAL expects the recovery to pre pandemic level of domestic traffic by FY 2023 and international traffic by FY 2024. DIAL will continue with the necessary parts of expansion of its airside infrastructure and terminal capacity as per the approved Master Development Plan in order to cater to the future growth in passenger and air traffic. During FY 2022, we have operationalized new arrival terminal at Terminal 1 and successfully completed the rehabilitation work of British-era Runway 09/27 and handed over the refurbished runway to Air Traffic Control (ATC) for commercial operations. Phase 3A expansion, which includes, among others, expansion of Terminal 1 and Terminal 3, construction of a fourth runway along with enhancement of airfields and construction of taxiways, will expand IGI Airport capacity to around 100 Mn passengers annually.

DIAL continues to work with all stakeholders including the airlines to further establish IGI Airport as an international hub airport for passengers and cargo. In line with this goal, DIAL will continue to work towards reopening key international destinations gradually in accordance with the international border restrictions. We will continue to work with international carriers to boost long haul flights as well as dedicated freighters coming into Delhi.

Operational Performance - Delhi Airport:

DIAL responded to the adversities brought by COVID-19 promptly and witnessed growth of traffic at IGI airport. Passenger traffic at IGIA was 39.3 mn in FY 2021-2022, a growth of 74.2% over previous year with 103.3% growth in international traffic and 69.4% growth in domestic traffic.

Despite the challenges thrown by limited airline capacity during the first half of the year, IGI Airport has not only restored all the domestic routes but added new routes and was the highest connected airport in India. Through the bubble arrangement, IGI Airport was highest connected international airport in India. In FY 2022, IGI Airport was connected to 77 domestic destinations and 49 international destinations (scheduled int. operation were banned for the whole year).

CSR Initiatives

BRIEF REPORT ON DIAL- CSR (2021-2022):

The Corporate Social Responsibility (CSR) Unit of Delhi International Airport Limited (DIAL) has been working with the communities neighbouring Indira Gandhi International (IGI) Airport, since June 2006 in collaboration with GMR Varalakshmi Foundation. Currently DIAL CSR is working with five communities namely Savda Ghevra JJ Colony, Mehram Nagar East located near IGI Airport (in front of the domestic terminal), Shahabad Mohammadpur village, Dwarka and Samalkha in the periphery of the airport.This year, in response to COVID-19 pandemic, DIAL CSR extended its services to some new areas like Najafgarh, Bawana, Nangloi, Jahagirpuri & Mahipalpur. DIAL- CSR is working with an approximate population of 50,000 in these locations. Apart from running a vocational training centre for dropout youth from disadvantaged communities, DIAL is also running different activities under the thrust areas of Education, Health, Hygiene & Sanitation and Empowerment and Livelihoods in the community. During the financial year 2021-22, the following activities/initiatives were taken up under Preventive Health Care & Sanitation; Promoting Education including Vocational Skills, Gender Equality through Women Empowerment and Combating diseases - COVID 19 response activities as per CSR policy of the Company.

Combating diseases -Response to COVID-19 Pandemic:

The COVID-19 pandemic has brought about unprecedented suffering and anxiety throughout the world. The pandemic has made a major effect on the lives of under privileged people who have lost their daily wages. At the onset of second wave of COVID-19, DIAL decided to deliver quick response to the crisis and participated in the cooked food packets distribution among the care takers outside the hospitals, dry ration support to 250 families & Blind school in Dwarka followed by home based care & support to 200 Covid positive patients in slums of Samalkha. DIAL CSR collaborated with 92.7 Big F.M to initiate the Umeed Ke Pahiye Campaign to restore livelihoods of Covid widows. Keeping in mind the threat of pandemic in coming future, DIAL CSR supported oxygen generation plant & 60 oxygen concentrators at GMR Care Hospital, Rajam (AP). Covid vaccination drives were also supported in four states facilitating vaccination of more than 10,000 vulnerable people.

Preventive Health Care and Sanitation:

Recognizing that health is an integral to a good quality of life, DIAL CSR works on preventing healthcare services and emphasis on health education and awareness. To make quality healthcare accessible to community, many initiatives like Mobile Medicare Units (MMU), Health Clinic, Health Camp and Nutrition Centre were running in the communities. The whole objective was to take healthcare to the doorstep of populations, particularly vulnerable and under-privileged community. In this financial year 2021-22, more than 30000 people were directly reached through these healthcare services.

Two Mobile Medical units operated in association with Help Age India with an outreach in 25 sites in the periphery of the airport benefitted about 29,500 community members. The Multi Activity center for elderly at Bharat Vihar, Dwarka reaching out to around 400 elderlies through physiotherapy & recreational activities in partnership with Help Age India. Beneficiaries were also facilitated for applying pension and online registration for COVID-19 vaccination. The nutrition centre that provides nutrition support to pregnant and lactating mothers and sensitize them to maintain proper nutrition and childcare practices benefitted 80 women through door step delivery of Nutrition supplements. In Samarth that provide care and support to persons with disabilities, supported 28 people through aids and appliances like wheel chair, walking stick, walker, crutches etc. In the winter season, more than 2000 blankets and woollen mufflers were distributed at the time of cold waves among people on street & living in shelter homes along with 500 sweaters among Safai karamcharis in Delhi.

Promoting Education including Vocational Skills:

Enhancing Quality of Education: DIAL CSR is working with the community children focusing on Education to ensure children have access to quality educational experience. The initiatives ranges from running Bala Badi for preschool education, Minimum Learning Standard (MLS) for slow learner and After School Learning Centre (ASLC) for Government School students to harness their interest towards learning. The approach includes direct interactions, digital classroom sessions following curricular and extracurricular activities. The COVID-19 pandemic has forced DIAL CSR to take a pause on activities in the community and stopped the direct interaction with the children. Few activities like Bala Badi, MLS and Kids Smart Centre were on hold for the whole year and continuing with After School Learning Centre (ASLC). The ASLC provides tuition support to the slow learners and opportunity to engage students in co-curricular and extra-curricular activities. Around 400 children benefitted through workbooks & online classes. Under Gifted Children Scheme, continued supporting 30 students from previous years and facilitated students to get study material on time and also supported six students with desktops and data for online classes. The Gifted Children Scheme is to support education of meritorious under-privileged children from the community. The complete educational expenses (including school fees, transportation charges, books, and miscellaneous charges towards extracurricular activities etc.) of the children are borne by DIAL - CSR.

Skill Development: DIAL- CSR is implementing various initiatives for empowering youth and women, including vocational training for drop out youth & promotion of entrepreneurial skills among women.

DIAL - Centre for Empowerment & Livelihoods (CEL-D): DIAL strongly believes that building and nurturing skills amongst youth is key to making a difference to their lives and to the society. DIAL has been involved in skilling since 2009, when it set up its first skill training center in the vicinity of the airport. DIAL-CSR runs the Centre for Empowerment and Livelihoods, Delhi (CEL-D) that provides entry level employability skills training for drop-out youth in the age group of 18-30 years hailing from deserving families. Since inception, above 8500 youth have been trained, with a settlement rate of more than 85%. The centre offers a menu of 14 courses in collaboration with lead industry partners like Volvo, Schneider, Voltas, CELEBI, Relaxo etc. to equip trainees with market relevant skills. Most of the courses are affiliated with Sector Skill Councils of National Skill Development Corporation. The Centre also provides placement and post-placement support for trainees. This year the training was conducted online through blended learning mode. The centre also continued Off Campus Trainings on beauty training, Facility Care Management and tailoring in collaboration with local NGOs at Satya Niketan, Bawana, Samalkha and Srinivashpuri area. During the reporting period, 1059 youth were trained with the settlement rate of 74%. Initiated a project on ‘Upskilling of Trained Youth with Placement Assistance’ in collaboration with Commonwealth Educational Media Centre for Asia (CEMCA). New course on Banking Business Correspondent was conceived during the year.

Promoting Gender Equality and Empowerment of Women:

Supporting Livelihoods: Project SMILE (**S**upporting, **M**arginalized, **I**ndividuals through **L**ivelihoods & **E**mpowerment) project was scaled up to extent immediate support towards livelihood restoration of women who have lost their sole bread earners during the COVID-19 pandemic. Under this project 360 women from Bawana, Mahipalpur, Nangloi, Najafgarh, Jahagirpuri & Dwarka area were identified and supported with cart to initiate income generation activities.

The **Community Resource Center** (CRC) at Savda helped community to get access to Government schemes by providing them relevant information. In the reporting period, assistance was extended to more than 200 people to get online enrollment in different Government schemes like *Aadhar Card;* PAN card, old age pension, getting widow pension, disability certificate, and disability unique ID.

Employee Volunteering:

DIAL-CSR believes in effective partnership and participation of corporate employees in community services. During the period 2021-22, around 20 employee involvement programs were organized to create opportunities for employee involvement, and 177 employees and family members were involved and invested 472 hours in community services.

Human Resource

Your Company continued to maintain a conducive and cordial Industrial relation climate during the financial year 2021-22. The year passed off as yet another year with zero man day's loss on account of labour disputes. In spite of restrictions imposed by the Government due to the COVID-19 pandemic, a cordial Industrial climate was ensured through participative management. Compliance of applicable Labour Laws, adherence to Government Guidelines and consultative decision making, continued to remain the core strengths in dealing with employee benefits and welfare issues. As always, zero tolerance to indiscipline continued to remain the hallmark of your Company's philosophy.

In order to strengthen a spirited fight against COVID-19, Your Company has left no stone unturned to protect the health and wellbeing of employees and their family. All the efforts taken, the policies in making and facilities that added basis every day new learning, is a pure reflection of our values and beliefs. Your Company stood tall in exhibiting all the values in all the actions executed during this time of sensitive environment.

Moreover, in all the actions, management's flexibility, agility and adaptability has been truly reflected in serving employees and their family members. Undermentioned are the initiatives taken to serve employees and their family.

- To safeguard the interest of employees, their families and society at large, Company borne (undertook) weekly RTPCR exercise is a practice in the Company, premises for all the employees who are attending regular duties.

- Corporate tie-ups are in place for employees and family members who are impacted from COVID, having mild symptoms and are under home isolation for treatment. Established 85 bedded, fully equipped Dedicated COVID Health Centre (hospital) at Terminal 2 for employee and family members.

- Robust team of doctors is on board under the leadership of Chief Medical Officer to assist employees at the time of emergency.

- 24X7, employee emergency help line is available to cater to any requirements of employees, be it their personal requirements arising out restricted mobility and administrative restrictions or their medical exigency.

- GPS enabled, Basic Life Support (BLS) Ambulances along with emergency first aid trained paramedics, are placed at office in standby mode to cater to medical exigencies of employees and employees can access the service by just dialling 24X7 emergency helpline of Company.

- Work from home and remote locations is a practice for employees identified under the said category so that they can be safeguarded from the catastrophic impact of COVID-19.

- Internal COVID fund was created to accommodate COVID related emergencies of employees and all the employees were given a facility of utilizing buffer under irrespective of their entitlements under Company mediclaim policy.

- Delhi Airport was the first in entire aviation community to get the access of vaccination for employees and their family members of entire Airport community through government machinery.

- It is further apposite to mention that not even for employees but in compliance of MoCA circular, Company is also running an on-going drive for all the stake holders at airport community.

- In view of mental health and wellness, experienced counsellor is on board and the helpline number is accessible to all employees who are willing to talk and share. Lifestyle, household and office related stress and issues have seen a generic surge during lockdown periods.

- Hence, Company has consciously taken a call to have a counsellor helpline for employees.

- New machines are installed with all IT enabled software having facility of face recognition and bar code recognition, having information feed of weekly RTPCR report and vaccination certificate check. It promotes an absolute contact less entry.

- Accommodation centre in office premises and Airside (Fire Station) established to ensure continuity of business anticipating any eventualities related to COVID 19

Handholding employees, standing tall with their family members is an inherit part of value system of your Company. Moreover, Company promotes an environment of continuous learning, growth and personal achievement. The learning and development activities in the Company focus on adding new skill sets desired and enhancing existing skills as per business needs, strategic challenges and as per core competencies of the organization. Your Company provides learning and development opportunities based on the training need identified through the role based need identification approach, business requirement of core competency, leadership development and strategic challenges.

- Validation of existing functions and roles in organization unit.
- Finalization of technical competency dictionary based on the theories and function in the organization unit.
- Identifying skill sets for a role based on the competency dictionary and departmental strategy planning.
- Finalizing training need for the role.
- Finalizing training needs for the individual based on the proficiency level in the particular role.

Brand Transition Programs and Development of Internal Talent:

- To reinforce new knowledge and skills on the job and to enable managers in transitioning from an individual contributor to a people manager First time manager intervention has been conducted in 2019 -2020 and 2021-2022. The intervention includes a 2-day workshop that addressed various competencies of effective manager through interactive activities and discussions. Post the workshop 3 Group Coaching Sessions were conducted with a certified coach to reinforce and facilitate the application of the overall learnings.

- As part of the Multi- Tier Leadership Development Program, Leadership Excellence for Airport Professionals (LEAP) is an intervention the Company created with an objective of developing internal talent to its optimum potential for the purpose of organization and personal growth. The intervention will focus on competencies around Leading Self, Leading Teams, Financial Analysis and Planning, Data based decision making, Strategic Orientation and Managing Change in the VUCA environment, supported with strategic initiatives and social responsibility projects.

- Accredited Airport Executive program by American Association of Airport Executives (A.A.A.E) and International Association of Airport Executives (IAAE), AAAE's sister organization. The accreditation process is made up of four modules, Airport Finance and Administration; Airport Planning, Construction and Environmental; Airport Operations, Safety, Security and Maintenance; Airport Marketing, Communications and Community Relations.

Focus on Customer Service and Passenger Experience:

- In order to enable our front-end employees to provide exceptional service to passengers and other stakeholders which reflects our **GMR Values in true sense Being GMR,** a training intervention was undertaken at Delhi Airport. Based on the results achieved and feedback received for the Being GMR program in 2018-2019, Being GMR was conducted in 2019-2020 for the Terminal Operations team. The intervention was conducted for the Customer Service Executives and the Terminal managers also. To strengthen the intervention, Human Job analysis was conducted for each of the above-mentioned roles and each participant underwent a personal profile analysis to understand the gap in the behavioural traits that are required for their roles. The efforts resulted in sustaining our global leadership positions in both ACI and SKYTRAX and bringing in more recognition.

Focus on Knowledge Management and Engagement:

- Wins over Worries campaign was launched to capture the new developed capabilities, knowledge and dispositions developed during lockdown. The lockdown lead people to embrace technological understanding, develop critical awareness and think in new ways that cross traditional boundaries. The session aims to make the employees be aware about some of the best practices. During these sessions, one SCM every month, speaks about the challenges faced by the team and the solutions developed to overcome them. The session highlights new capability, knowledge, initiatives, processes, strategies and systems, which have been implemented to deal with evolving scenario.

Focus on developmental and Behavioural growth:

- Trainings such as Execution Effectiveness, Empathy, Personal Effectiveness, Frugality, Conflict Management, Presentation Skills, Negotiation & Influencing skills, Emotional Intelligence, Financial Modelling, and Advanced Ms. Excel etc. are the behavioural trainings that were conducted to upskill and empower our employees.

- Trainings such as, Handling of Hazmat Emergencies, Fire Extinguishing Training, Basic Fire Safety Training, R/T Phraseology, Annex-14, AIS, AIP, NOTAM, DGR Training, etc. are the technical training aligned to our aim of having safe and smooth aircraft operations at the Company.

- The Company also conducts program for creating awareness on gender sensitivity. Programs such as ALL women workshop on gender sensitivity, HARMONY- a gender sensitivity dialogue and Soaring High- A women in transition, were conducted to facilitate gender sensitive approach.

People practices and policies of rewarding, listening and celebrating:

SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED MARCH 31, 2022
[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,

The Members,
Delhi International Airport Limited
New Udaan Bhawan, Opp. Terminal-3,
Indira Gandhi International Airport,
New Delhi-110 037

I was appointed by Delhi International Airport Limited (hereinafter called the Company) to conduct Secretarial Audit as per the provisions of Section 204 of Companies Act, 2013, for the financial year ended March 31, 2022.

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by the Company. Secretarial Audit was conducted in a manner that provided me/us with a reasonable basis for evaluating the corporate conducts/ statutory compliances and expressing my opinion thereon.

Management's Responsibility for Secretarial Compliances

The Company's management is responsible for preparation and maintenance of secretarial records and for devising proper systems to ensure compliance with the provisions of applicable laws and regulations.

Auditors Responsibility

Our responsibility is to express an opinion on these secretarial records, standards and procedures followed by the Company with respect to secretarial compliances, based on our audit.

We believe that audit evidence and information obtained from the Company's management is adequate and appropriate for us to provide a basis for our opinion.

We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.

We have not verified the correctness and appropriateness of financial records and books of accounts of the company.

Wherever required, we have obtained the management representation about the compliance of laws, rules and regulations and happening of events etc.

The secretarial audit report is neither an assurance to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the company.

Opinion

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2022 according to the provisions of:

(i) The Companies Act, 2013 (the Act) and the rules made thereunder;

(ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder, as may be applicable;

(iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder, as may be applicable;

(iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, and External Commercial Borrowings;

(v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-

   (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 – Not applicable as the Company is not a listed company,
   (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 – Not applicable as the Company is not a listed company;
   (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 – Not applicable as the Company is not a listed company;
   (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 / Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 – Not applicable as the Company is not a listed company;
   (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 – Not applicable as the Company is not a listed company;

(f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client – **Not applicable**;

(g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 – **Not applicable as the Company is not a listed company**; and

(h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 – **Not applicable as the Company is not a listed company**;

I have also examined compliance with the applicable clauses of the following:

(i) Secretarial Standards issued by The Institute of Company Secretaries of India.

(ii) SEBI (Listing Obligation and Disclosure Requirements), Regulations, 2015 – **Not applicable as the Company is not listed and had not entered into listing agreement with any stock exchange.**

Based on our verification of the Company's books, papers, minutes books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the Company has, during the financial year ended March 31, 2022, complied with the aforesaid laws, material compliances are listed in the Annexure attached to this report.

I further report that AERA has issued tariff order no 57/2020-21 for third control period ("CP3") starting from April 1, 2019 to March 31, 2024 on December 30, 2020 allowing DIAL to continue with BAC+10% tariff for the balance period of third control period. AERA has also allowed compensatory tariff in lieu of Fuel Throughput Charges w.e.f. February 01, 2021 for the balance period of third control period. DIAL had also filed an appeal against some of AERA's decision in third control period order on January 29, 2021 with TDSAT.

DIAL's appeal against the second control period ("CP2") is pending before the TDSAT and the same is still to be heard which shall be heard in due course. Also, DIAL in respect of TDSAT order against first Control period appeal dated April 23, 2018 has filed a limited appeal in the Hon'ble Supreme Court of India on July 21, 2018 and same is still to be heard.

TDSAT at the request of AERA and concurred by DIAL, has agreed tagged CP2 appeal with CP3 appeal. The matter is being sub judice at TDSAT.

Based on information received and records maintained, we further report that:

1. The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors.

2. Adequate notice is given to all directors to schedule the Board Meetings. Agenda and detailed notes on agenda were sent in compliance of the Secretarial Standards, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

3. Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes.

4. The Company has proper Board processes.

Based on the compliance mechanism established by the Company in the form of Legatrix Software and Compliance Certificate(s) issued by the Function Head(s) of all the Departments to the Managing Director and Chief Financial Officer (CFO) of the Company and on the basis of said certificate(s) the Compliance Certificate(s) signed by Managing Director/ Chief Executive Officer (CEO) and Chief Financial Officer (CFO) taken on records by the Board of Directors at their meeting(s), we are of the opinion that the management has adequate systems and processes in the company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

Independent Auditor's Report

To the Members of Delhi International Airport Limited

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of Delhi International Airport Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and its loss (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - Covid 19

4. We draw attention to Note 2(B) of the accompanying standalone financial statements, which describes the uncertainties due to the outbreak of Covid-19 pandemic and the management's evaluation of the impact on the standalone financial statements of the Company as at the balance sheet date. Our opinion is not modified in respect of this matter.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

6. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
Valuation of Derivative Financial Instruments *Refer to Note 3(q) for the accounting policy and note 7, 38, 39 and 40 for the financial disclosures in the accompanying standalone financial statements* The company has entered into derivative financial instruments i.e., call spread options, coupon only hedge, to hedge its foreign currency risks in relation to the long-term bonds issued in foreign currency. Management has designated these derivative financial instruments and the aforesaid debt at initial recognition as cash flow hedge relationship as per Ind AS 109, Financial Instruments. The valuation of hedging instrument is complex and necessitates a sophisticated system to record and track each contract and calculate the related valuations at each financial reporting date. Since valuation of hedging instruments and consideration of hedge effectiveness involves both `significant assumptions and judgements such as market observable inputs and involvement of management' s valuation specialist, and therefore, is subject to an inherent risk of error. We have identified valuation of hedging instruments as a key audit matter in view the aforesaid significant judgements, estimates and complexity involved.	Our audit procedures to test the valuation of the derivative financial instruments included but were not limited to the following: • Assessed and tested the design and operating effectiveness of Company's key internal controls over derivative financial instruments and the related hedge accounting; • Reviewed the management's documentation for the designated hedge instrument which defines the nature of hedge relationship; • Considered the consistent application of the accounting policies and assessed the hedge accounting methodologies applied; and compared these to the requirements of Ind AS 109, Financial Instruments; • Evaluated the management's valuation specialist's professional competence, expertise and objectivity; • Tested the accuracy of input data provided by the management to the external valuation specialist and assessed the reasonability of the assumptions used, while valuing the hedging instruments; • Involved our valuation specialists to test the fair values of derivative financial instruments and compared the results to the management's results; • Assessed the appropriateness and adequacy of the related disclosures in the standalone financial statements in accordance with the applicable accounting standards
Capitalization for airport expansion *Refer to Note 3(d) for the accounting policy and Note 42(n) for the financial disclosures in the accompanying standalone financial statements* The Company is in the process of expansion of the airport with a plan to incur an amount of INR 10,576.13 crores. Till as at 31 March 2022, the Company has incurred INR 6,215.69 crores as capital expenditure towards such capital expansion.	Our audit procedures to assess appropriate capitalization of such expenditure included, but were not limited to the following: • Assessed the design and implementation and tested the operating effectiveness of key controls surrounding the capitalization of costs. • Reviewed management's capitalization policy, including application of the aforesaid policy, to assess consistency with Ind

Determining whether expenditure meets the capitalization criteria, specifically with regard to whether they are operational or capital in nature, involves significant management judgement in assessing whether capitalization is in line with Ind AS 16, Property, Plant and Equipment and the Company's accounting policy. Further, the tariff determination by AERA for control periods for the aeronautical services is linked to the Regulated Asset Base, which is based on the fixed asset balance and considering these additions are significant to the asset base of the Company, we have assessed inappropriate capitalization as a significant risk as part of our audit strategy. Such, the aforementioned capital expenditure has been funded from the specific borrowings raised for such purpose. Accordingly, the borrowing cost incurred on such borrowings have been included as a capital expenditure in accordance with the provisions of Ind AS 23, Borrowing Costs. Owing to the above factors, we have identified this as a key audit matter for current year audit due to the significance of the capital expenditure incurred during the year.	requirements set out by Ind AS 16, Property, Plant and Equipment. • Compared the additions with the budgets and the orders given to the vendors. • Ensured that the borrowing cost capitalized is as per Ind AS 23 Borrowing Costs. • Tested the additions on a sample basis for their nature and purpose to ensure that the capitalization is as per company's accounting policy. • Assessed the appropriateness and adequacy of the related disclosures in the standalone financial statements in accordance with the applicable accounting standards.
Monthly Annual Fee to Airport Authority of India (AAI) *Refer to Note 35(I)(h) for the financial disclosures in the accompanying standalone financial statements.* The Company has ongoing litigation / arbitration proceedings with Airport Authority of India (AAI) in respect of Monthly Annual Fee (MAF) for the period 1 April 2020 to 31 March 2022 for which the Company has sought to be excused from making payment to AAI as triggered from a force majeure event, which could have a significant impact on the accompanying standalone financial statements, if the potential exposure were to materialize. Further, the application of Indian accounting standards to determine the amount, if any, to be provided as a liability or disclosed as a contingent liability, is inherently subjective. The outcome of such litigation /arbitration proceedings is currently uncertain and the aforesaid assessment requires significant judgement by the management including interpretation of legal rights and obligations arising out of the underlying Operation, Management and	Our audit procedures in relation to the assessment of ongoing litigation / arbitration proceedings in relation to MAF fee included but were not limited to the following: • Obtained an understanding of management's process and evaluated design, implementation and operating effectiveness of management's key internal controls over assessment of litigations/ arbitration proceedings and determination of appropriate accounting treatment in accordance with the requirements of Ind AS 37, Provisions, Contingent liabilities and Contingent Assets. • Obtained and read the summary of litigation involved in respect of MAF payable, the supporting documentation including communications exchanged between the parties, and held discussions with the management of the Company to understand management's assessment of the matter; • Evaluated the legal opinions obtained by the management from its internal and external legal experts on the likelihood of the outcome of the said contingencies and potential impact

Development Agreement dated 4 April 2006 entered with AAI, which required involvement of both management's and auditor's experts. Accordingly, this matter has been determined as a key audit matter for current year audit. The above matter is also considered fundamental to the understanding of the users of the accompanying standalone financial statements on account of the uncertainties relating to the future outcome of the proceedings/litigation.	of ongoing litigation/ arbitration proceedings and amount paid under protest, basis our understanding of the matter obtained as above, and held further discussions, as required, with such experts to seek clarity of their legal assessments. • Involved independent auditor's experts to validate the assessment of the likelihood of the outcome of contingencies and potential impact of ongoing litigation/ arbitration proceedings and amount paid under protest in order to assess the basis used for determination of appropriateness of the accounting treatment and resulting disclosures in the standalone financial statements in accordance with the requirements of applicable accounting standards;

Information other than the Financial Statements and Auditor's Report thereon

7. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report but does not include the standalone financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

   Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

   In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

   When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

8. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of

the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

9. In preparing the financial statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

10. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

12. As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls;

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial statements of the Company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit of standalone financial statements of the Company.

13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

16. As required by section 197(16) of the Act, based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.

17. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

18. Further to our comments in Annexure A, as required by section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:

    a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;

    b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

    c) the standalone financial statements dealt with by this report are in agreement with the books of account;

    d) in our opinion, the aforesaid standalone financial statements comply with Ind AS specified under section 133 of the Act;

    e) on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of section 164(2) of the Act;

    f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company as on 31 March 2022 and the operating effectiveness of such controls, refer to our separate Report in Annexure B wherein we have expressed an unmodified opinion; and

    g) with respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:

        i. the Company, as detailed in note 35(I) to the standalone financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2022;

ii. the Company has made provision as at 31 March 2022, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2022; and

iv.

a. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any persons or entities, including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;

b. The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our attention that causes us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.

v. The Company has not declared or paid any dividend during the year ended 31 March 2022.

Annexure A referred to in Paragraph 17 of the Independent Auditor's Report of even date to the members of Delhi International Airport Limited on the standalone financial statements for the year ended 31 March 2022

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and right of use assets.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a regular program of physical verification of its property, plant and equipment and right of use assets under which the assets are physically verified in a phased manner over a period of three years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. However, no physical verification was carried out by the management of the Company during the year, and we are therefore unable to comment on the discrepancies, if any, which could have arisen on such verification.

(c) The title deeds of all the immovable properties held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company.

(d) The Company has not revalued its Property, Plant and Equipment and Right of Use assets or intangible assets during the year.

(e) No proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder. Accordingly, reporting under clause 3(i)(e) of the Order is not applicable to the Company.

(ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed.

(b) The Company has a working capital limit in excess of Rs 5 crore sanctioned by banks based on the security of current assets during the year. The quarterly statements, in respect of the working capital limits have been filed by the Company with such banks and such statements are in agreement with the books of account of the Company for the respective periods, which were subject to review.

(iii) The Company has not made any investment in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, Limited Liability Partnerships (LLPs) or any other parties during the year. Accordingly, reporting under clause 3(iii) of the Order is not applicable to the Company.

(iv) The Company has not entered into any transaction covered under sections 185 and 186 of the Act. Accordingly, reporting under clause 3(iv) of the Order is not applicable to the Company.

(v) In our opinion, and according to the information and explanations given to us, the Company has not accepted any deposits or there is no amount which has been considered as deemed deposit within the meaning of sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.

(vi) The Central Government has specified maintenance of cost records under sub-section (1) of section 148 of the Act in respect of the services of the Company. We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) (a) In our opinion, and according to the information and explanations given to us, the Company is regular in depositing undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, with the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no statutory dues referred in sub-clause (a) which have not been deposited with the appropriate authorities on account of any dispute except for the following:

Annexure B to the Independent Auditor's Report of even date to the members of Delhi International Airport Limited on the standalone financial statements for the year ended 31 March 2022

Annexure B

Independent Auditor's Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the standalone financial statements of Delhi International Airport Limited ('the Company') as at and for the year ended 31 March 2022, we have audited the internal financial controls with reference to financial statements of the Company as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Annexure B to the Independent Auditor's Report of even date to the members of Delhi International Airport Limited on the standalone financial statements for the year ended 31 March 2021

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

It was incorporated as a Private Limited Company on March 1, 2006 under the provisions of the erstwhile Companies Act, 1956, (replaced with Companies Act 2013 with effect from April 1, 2014) and was converted into a Public Limited Company w.e.f. April 10, 2017. DIAL is into the business of managing the operations and modernization of the Indira Gandhi International Airport ('Delhi Airport'). GMR Airports Limited ('GAL') a subsidiary of GMR Infrastructure Limited ('GIL') holds majority shareholding in the Company. DIAL had entered into Operation, Management and Development Agreement ('OMDA') with Airports Authority of India ('AAI'), which gives DIAL an exclusive right to operate, maintain, develop, modernize and manage the Delhi Airport on a revenue sharing model for an initial term of 30 years, which can be extended by another 30 years on satisfaction of certain terms and conditions pursuant to the provisions of the OMDA.

2. (A) Basis of preparation

The financial statements of the Company have been prepared in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and presentation requirement of division II of Schedule III to the Companies Act, 2013 (Ind AS compliant Schedule III), as applicable to the financial statements.

Accounting Policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements have been prepared on historical cost convention on an accrual basis, except for the following assets and liabilities, which have been measured at fair value or revalued amount:

- Derivative Financial Instruments
- Certain financial assets and liabilities (refer accounting policy regarding financial instruments) which have been measured at fair value.

(B) Covid-19 Update:

The operations of the Company were impacted by the Covid-19 pandemic and while management believes that such impacts are short term in nature. The Company has made detailed assessment of its liquidity position for the next one year and of the recoverability and carrying values of its assets as at the balance sheet date and has concluded that there are no material adjustments required in the financial statements. During the year, the Company has shown significant recovery in the domestic traffic as compared to previous year and the international traffic is expected to recover significantly post removal of restrictions on international flights w.e.f. March 27,2022. However, the impact of the COVID 19 pandemic on the business operation will be depend on future developments that cannot be reliably predicted. The impact of the COVID 19 pandemic might be different from that estimated as at the date of approval of these financial statements and the Company will closely monitor any material changes to future economic conditions.

3. Summary of significant accounting policies

a. Use of estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financials statements have been disclosed in Note 33. Accounting estimates could change from year to year. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the year in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

b. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

a) Expected to be realised or intended to be sold or consumed in normal operating cycle
b) Held primarily for the purpose of trading
c) Expected to be realised within twelve months after the reporting period, or
d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

The Company classifies all other assets as non-current.

A liability is current when:

a) It is expected to be settled in normal operating cycle
b) It is held primarily for the purpose of trading
c) It is due to be settled within twelve months after the reporting period, or
d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

c. Investments in Associates, Joint Ventures and Subsidiary

The Company has accounted for its investments in associates, joint ventures and subsidiary at cost (Refer Note 35 III (v)).

d. Property, Plant and Equipment

Property, plant and equipment are stated at historical cost less accumulated depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

(All amounts in Rupees crore, except otherwise stated)

Assets under installation or under construction as at the balance sheet date are shown as "Capital work-in-progress (CWIP)". Expenditure including finance charges directly relating to construction activity is capitalised.

Capital work in progress includes leasehold improvements under development as at the balance sheet date.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. Further, when each major inspection is performed, its cost is recognised in the carrying amount of the item of property, plant and equipment if the recognition criteria are satisfied. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

Development fee from any regulatory authority are recognized when there is reasonable assurance that it will be received / utilized and the Company will comply with the conditions attached to them.

Development fee related to an asset, (net of direct amount incurred to earn aforesaid development fee) is deducted from the gross value of the asset concerned in arriving at the carrying amount of the related asset.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

e. Depreciation on Property, Plant and Equipment

Depreciation on property, plant and equipment is calculated on a straight line basis using the useful lives prescribed under Schedule II to the Companies Act, 2013 except for certain assets class i.e. Internal Approach Roads, Electric Panels and Transformers/Sub-station, the Company, based on a technical evaluation, believes that the useful life of such property, plant and equipment is different from the useful life specified in Schedule II to Companies Act 2013. The following is a comparison of the useful lives of these property, plant and equipment as adopted by the Company and those prescribed under Schedule II to the Companies Act, 2013:

Type of Assets	**Useful life as estimated by the Company based on technical evaluation**	**Useful life as prescribed in Schedule II to the Companies Act, 2013**
Roads – Other than RCC	10 years	5 years
Transformers/Power Sub-Stations (included in Plant and Machinery)	15 years	10 years
Electric Panels (included in Electrical Installations and Equipment)	15 years	10 years

The useful life of property, plant and equipment which are not as per schedule II of the Companies Act 2013, have been estimated by the management based on internal technical evaluation.

On June 12, 2014, the Airport Economic Regulatory Authority ("the Authority") has issued a consultation paper viz.05/2014-15 in the matter of Normative Approach to Building Blocks in Economic Regulation of major Airports wherein it, interalia, mentioned that the Authority proposes to lay down, to the extent required, the

K.S. RAO & CO. Chartered Accountants BENGALURU

depreciation rates for airport assets, taking into account the provisions of the useful life of assets given in Schedule II of the Companies Act, 2013, that have not been clearly mentioned in the Schedule II of the Companies Act, 2013 or may have a useful life justifiably different than that indicated in the Companies Act, 2013 in the specific context to the airport sector. Pursuant to above, the Authority had issued order no. 35/2017-18 on January 12, 2018 which was further amended on April 09, 2018, in the matter of Determination of Useful life of Airport Assets, which is effective from April 01, 2018.

Accordingly, the management was of the view that useful lives considered by the Company for most of the assets except passenger related Furniture and Fixtures were in line with the useful life proposed by AERA in its order dated January 12, 2018, which is further amended on April 09, 2018.

In order to align the useful life of passenger related Furniture and Fixtures as per AERA order, the Company has revised the useful life during financial year 2018-19.

Leasehold Improvements are improvements, betterments, or modifications of leased property which will benefit the Company for the period of more than one year. The amount of leasehold improvements are capitalised and amortised over the period of lease of five years or useful life whichever is less.

f. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Intangible assets include software, upfront fee paid as airport concessionaire rights and other costs (excluding operation support costs) paid to the Airports Authority of India (AAI) pursuant to the terms and conditions of the OMDA.

g. Amortisation of intangible assets

Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in these financial statements.

The Company amortises, upfront fee paid as airport concession rights and other costs paid to AAI referred to above are recognized and amortized over the initial period of 30 years and extended period of 30 years of OMDA i.e. 60 years. Other intangible assets are amortised over the useful life of asset or six years, whichever is lower.

h. Government Grant and subsidies

Grants and subsidies from the government are recognized when there is reasonable assurance that
(i) the Company will comply / have complied with the conditions attached to them, and
(ii) the grant / subsidy will be received.

When the grant/ subsidy relates to revenue, it is recognized under other income in the Statement of Profit and Loss in the period of receipts of such grant/ subsidy, at the amount expected to be realized.

i. Borrowing cost

Borrowing costs net of income on surplus investments directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed on EIR basis in the period in which they occur.

Borrowing costs consist of interest, call spread premium and other costs that an entity incurs in connection with the borrowing of funds.

j. Leases

The Company assesses a contract at inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee:
The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets: The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

The right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

Lease liabilities: At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term.

The lease payments included in the measurement of the lease liability include fixed payments (including in substance fixed payments), variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate.

Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss.

In case of a short term lease contract and lease contracts for which the underlying asset is of low value, lease payments are charged to statement of profit and loss on accrual basis.

Company as a lessor:

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Income from operating lease is recognised on a straight-line basis over the term of the relevant lease.

Walker Chandiok & Co LLP Chartered Accountants

K.S. Rao & Co. Chartered Accountants Bengaluru

Delhi International Airport Ltd New Delhi

Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned. Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfers from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

k. Inventories

Inventories are valued at the lower of cost or net realizable value. Cost is determined on a weighted average basis and includes other directly associated costs in bringing the inventories to their present location and condition. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

l. Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash generating units' (CGUs) fair value less cost of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

For assets an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss.

m. Provisions, Contingent liabilities and Commitments

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation
- A present obligation arising from past events, when no reliable estimate is possible
- A possible obligation arising from past events, unless the probability of outflow of resources is remote

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets. Provisions, contingent liabilities, contingent assets and commitments are reviewed at each reporting date.

Provisions for onerous contracts are recognized when the expected benefits to be delivered by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established the Company recognizes any impairment loss on the assets associated with that contract.

n. Contingent assets

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the entity. Contingent assets are recognized when the realisation of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate.

Contingent assets are reviewed at each reporting date. A contingent asset is disclosed where an inflow of economic benefits is probable.

o. Retirement and other Employee Benefits

Defined benefit plan

Retirement benefit in the form of provident fund is a defined benefit scheme. DIAL contributes its portion of contribution to DIAL Employees Provident Fund Trust ('the Trust'). DIAL has an obligation to make good the shortfall, if any, between the return from the investments of the Trust and the notified interest rate which is determined by actuary and accounted by the DIAL as provident fund cost.

Retirement benefit in the form of Superannuation Fund and Employee State Insurance are defined contribution schemes and the contributions are charged to the statement of profit and loss of the year when the contributions to the respective funds are due. The Company has no obligation, other than the contribution payable to the respective trusts.

All employee benefits payable/available within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and bonus etc., are recognised in the statement of profit and loss in the period in which the employee renders the related service.

The Company recognizes contribution payable as expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the reporting date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to a reduction in future payment or a cash refund.

Gratuity Liability is a defined benefit obligation which is funded through policy taken from Life Insurance Corporation of India and Liability (net of fair value of investment in LIC) is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Every employee who has completed five years or more of service gets a gratuity on separation at 15 days' salary (based on last drawn basic salary) for each completed year of service.

The Company treats accumulated leave including sick leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences including sick leave are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains / losses are immediately taken to the statement of profit and loss and are not deferred.

The entire amount of the provision for leave encashment is presented as current in financial statements, since the Company does not have an unconditional right to defer settlement of the obligation.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods. Past service costs are recognised in profit or loss on the earlier of:

i) The date of the plan amendment or curtailment, and
ii) The date that the Company recognises related restructuring costs.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

p. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

I) Financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient are measured at the transaction price determined under Ind AS 115. Refer to the accounting policies in section (u) Revenue from contracts with customers.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three broad categories:

a) Financial assets at amortised cost
b) Financial assets at fair value through profit or loss (FVTPL)
c) Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets at amortised cost: A 'Financial asset' is measured at the amortised cost if both the following conditions are met:

a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in other income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables. For more information on receivables, refer to Note 11.

Walker Chandiok & Co LLP Chartered Accountants

K.S. Rao & Co. Chartered Accountants Bengaluru

Delhi International Airport Ltd. New Delhi

Financial assets at FVTOCI: A financial asset is measured at the FVTOCI if both of the following criteria are met:

- The asset is held within the business model, whose objective is achieved both by collecting contractual cash flows and selling the financial assets, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI on the principal amount outstanding.

If the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the company may transfer the cumulative gain or loss within equity.

Financial assets at FVTPL: FVTPL is a residual category for financial assets. Any Financial asset, which does not meet the criteria for categorization as at amortized cost or as at Fair Value through OCI (FVTOCI), is classified as at FVTPL.

In addition, the Company may elect to designate a Financial assets, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Financial assets included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

Financial assets measured at amortised cost e.g., deposits, trade receivables and bank balance.

WALKER CHANDIOK & CO LLP ★ CHARTERED ACCOUNTANTS

K.S. RAO & CO. ★ Chartered Accountants ★ BENGALURU

Delhi International Airport Ltd. ★ New Delhi ★

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables or contract revenue receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument

- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

II) Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including and derivative financial instruments.

Subsequent measurement

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to statement of profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss. The Company has not designated any financial liability as at fair value through profit and loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in respective carrying amounts is recognised in statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

q. Derivative financial instruments and hedge accounting

Initial Recognition and subsequent measurement

The Company uses derivative financial instruments, such as call spread options and interest rate swaps, to hedge its foreign currency risks and interest rate risks, respectively

Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit or loss when the hedge item affects profit or loss.

For the purpose of hedge accounting, hedges are classified as:

a) Fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability or an unrecognised firm commitment;

K.S. RAO & CO. Chartered Accountants BENGALURU

Delhi International Airport Ltd. New Delhi

b) Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognised firm commitment;

c) Hedges of a net investment in a foreign operation.

At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship to which the Company wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Company's risk management objective and strategy for undertaking hedge, the hedging / economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Cash flow hedges that meet the strict criteria for hedge accounting are accounted for as described below:

The effective portion of the gain or loss on the hedging instrument is recognised in OCI in the cash flow hedge reserve, while any ineffective portion is recognised immediately in the statement of profit and loss.

Amounts recognised as OCI are transferred to profit or loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognised or when a forecast sale occurs.

If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss previously recognised in OCI remains separately in equity until the forecast transaction occurs or the foreign currency firm commitment is met.

Presentation of derivative contracts in the financial statement

Derivative assets and liabilities recognized on the balance sheet are presented as current and non-current based on the classification of the underlying hedged item.

r. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

s. Foreign currencies

Functional Currency

The financial statements are presented in Indian rupees (INR), which is also the Company's functional currency.

Transactions and Translations

Transactions in foreign currencies are initially recorded by the Company at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the Company uses an average rate if the average approximates the actual rate at the date of the transaction.

WALKER CHANDIOK & CO LLP CHARTERED ACCOUNTANTS

K.S. RAO & CO. Chartered Accountants BENGALURU

Delhi International Airport Ltd. New Delhi

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in statement of profit and loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

t. Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.
Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company determines the policies and procedures for recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value. External valuers are involved for valuation of significant assets or liabilities such as derivative instruments.

At each reporting date, the Company analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, the Company verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

Delhi International Airport Ltd. New Delhi

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above. This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes as mentioned below:

a) Disclosures for valuation methods, significant estimates and assumptions (note 38)

b) Quantitative disclosures of fair value measurement hierarchy (note 39)

c) Financial instruments (including those carried at amortised cost)

u. Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Revenue from contract with customer

Revenue from contracts with customers is recognised when control of the services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those services. The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the services before transferring them to the customer.

Revenue from Operations

Significant financing component

Generally, the Company receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised service to the customer and when the customer pays for that service will be one year or less.

The Company also receives long-term advances from customers for rendering services. The transaction price for such contracts are discounted, using the rate that would be reflected in a separate financing transaction between the Company and its customers at contract inception, to take into consideration the significant financing component.

Contract balances

Contract assets

A contract asset is the right to consideration in exchange for services transferred to the customer (which consist of unbilled revenue). If the Company performs by transferring services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in financial instruments – initial recognition and subsequent measurement.

Contract liabilities

A contract liability is the obligation to transfer services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

Income from services

Revenue from airport operations i.e. Aeronautical and Non Aeronautical operations are recognised on accrual basis, net of Goods and Service Tax (GST), and applicable discounts when services are rendered. Aeronautical operations include user development fees (UDF), Passenger Service Fee (Facilitation Component) [PSF (FC)], Baggage X-ray Charges, Landing and Parking of aircraft and into plane charges. The main streams of non – aeronautical revenue includes duty free, retail, advertisement, food & beverages, cargo, ground handling, car parking and land & space- rentals.

Land & Space- rentals pertains to granting right to use land and space primarily for catering to the need of passengers, air traffic services and air transport services.

Revenue from commercial property development rights granted to concessionaires is recognized on accrual basis, as per the terms of the agreement entered into with the customers.

Interest income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable except the interest income received from customers for delayed payments which is accounted on the basis of reasonable certainty / realisation.

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss.

Dividends

Dividend income is recognised when the Company's right to receive dividend is established, which is generally when the shareholders approve the dividend.

Claims

Claims on contractors / concessionaires are accounted on the basis of reasonable certainty / realization.

v. Taxes

Tax expense comprises current tax and deferred tax.

Current income tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with Income Tax Act, 1961.
Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.
Deferred tax liabilities are recognised for all taxable temporary differences, except:

i) When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

ii) In respect of taxable temporary differences associated with investments in subsidiary, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

i) When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

ii) In respect of deductible temporary differences associated with investments in subsidiary, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum Alternate Tax ('MAT') paid in a year is charged to the statement of profit and loss as current tax. The Company recognises MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognises MAT credit as an asset in accordance with the Guidance Note on 'Accounting for Credit Available in respect of Minimum Alternative Tax' under IT Act, the said asset is created by way of credit to the statement of profit and loss and shown as 'MAT credit entitlement'. The Company reviews the 'MAT credit entitlement' asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

Taxes, cess, duties such as sales tax/ value added tax/ service tax/goods and service tax etc. paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the amount of taxes paid, except:

- When the tax incurred on a purchase of assets, goods or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable
- When receivables and payables are stated with the amount of tax included

The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

w. Operating segments

The Company has only one reportable operating segment, which is operation of airport and providing allied services. Accordingly, the amounts appearing in the financial statements relate to the Company's single operating segment.

x. Proposed dividend

As per Ind AS –10, 'Events after the Reporting period', the Company disclose the dividend proposed by board of directors after the balance sheet date in the notes to these financial statements. The liability to pay dividend is recognised when the declaration of dividend is approved by the shareholders.

y. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

z. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

3.1 Recent accounting pronouncement issued but not made effective

Amendment to Ind AS 16, Property, Plant and Equipment

The Ministry of Corporate Affairs ("MCA") vide notification dated March 23, 2022, has issued an amendment to Ind AS 16 which specifies that an entity shall deduct from the cost of an item of property, plant and equipment any proceeds received from selling items produced while the entity is preparing the asset for its intended use (for example, the proceeds from selling samples produced when testing a machine to see if it is functioning properly).

Amendment to Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets

The Ministry of Corporate Affairs ("MCA") vide notification dated March 23, 2022, has issued an amendment to Ind AS 37 which specifies that the cost of fulfilling a contract comprises: the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

Amendment to Ind AS 109, Financial Instruments

The Ministry of Corporate Affairs ("MCA") vide notification dated March 23, 2022, has issued an amendment to Ind AS 109 which clarifies that which fees an entity should include when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

The Company is in the process of evaluating the impact on financial statements.

33. Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

33.1 Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements.

Discounting rate

The Company has considered incremental borrowing rate of Airport sector as at transition date, for measuring deposits being financial assets and financial liabilities, at amortised cost. The incremental borrowing rate have been revised for period starting from April 1, 2021 for all the deposits taken/received post March 31, 2021. The impact has, accordingly, been duly accounted in the Financial Statements.

Consideration of significant financing component in a contract

The Company sells pouring rights at airport for which contract period is for more than one year. The Company concluded that there is a significant financing component for those contracts where the customer elects to pay in advance considering the length of time between the customer's payment and rendering services, as well as the prevailing interest rates in the market.

In determining the interest to be applied to the amount of consideration, the Company concluded that the interest rate implicit in the contract (i.e., the interest rate that discounts the cash selling price of the equipment to the amount paid in advance) is appropriate because this is commensurate with the rate that would be reflected in a separate financing transaction between the entity and its customer at contract inception.

Non applicability of Service Concession Arrangement (SCA)

DIAL had entered into Operation, Management and Development Agreement ('OMDA') with Airports Authority of India ('AAI'), which gives DIAL an exclusive right to operate, maintain, develop, modernize and manage the Delhi Airport on a revenue sharing model for an initial term of 30 years, which can be extended by another 30 years on satisfaction of certain terms and conditions pursuant to the provisions of the OMDA. Under the agreement, AAI has granted exclusive right and authority to undertake some of the functions of the AAI being the functions of operation, maintenance, development, design, construction, upgradation, modernization, finance and management of the Airport and to perform services and activities at the airport constituting 'Aeronautical Services' and 'Non-Aeronautical Services'. For prices, aeronautical services are regulated, while the regulator has no control over determination of prices for Non-Aeronautical Services. The management of the Company conducted detailed analysis to determine applicability of Appendix D of Ind AS 115 and concluded that the same does not apply to DIAL. Company concession arrangement has significant non-regulated revenues, which are apparently not ancillary in nature, as these are important from DIAL, AAI and users/passengers perspective. Further, the regulated and non-regulated services are substantially interdependent and cannot be offered in isolation. The airport premise is being used both for providing regulated services (Aeronautical Services) and for providing non-regulated services (Non-aeronautical Services). Accordingly, the management has concluded that SCA does not apply in its entirety to the Company.

K.S. RAO & CO. Chartered Accountants BENGALURU

Annual Fee to AAI

As per the Concession Agreement (OMDA) entered into with AAI in April 2006, the Company is required to pay to AAI annual fee (AF) each year at 45.99% on its projected revenue and same shall be payable in twelve equal monthly instalments (MAF), to be paid in each calendar month. As per Article 1.1 of Chapter I of OMDA, "Revenue" is defined to mean all pre-tax gross revenue of DIAL with certain specified exclusions.

Management of the Company is of the view that the certain income / credits arising on adoption of Ind-AS was not in contemplation of parties in April 2006 when this Concession Agreement was signed / entered. Further, these income/credits in Statement of Profit and Loss do not represent actual receipts from business operations, from any external sources and therefore, these incomes/ credits should not be treated as "Revenue" for calculation of MAF to AAI. Accordingly, the Company, basis above and Legal Opinion, has provided the monthly annual fee to AAI based on Revenue as per the Ind AS financial statements after adjusting such incomes/credits [refer note 35(I)(h) & (i) & 42(h)].

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounting cash flow (DCF) model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

33.2 ESTIMATES AND ASSUMPTIONS

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based on its assumptions and estimates on parameters available when the standalone financial statements were prepared, existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

K.S. RAO & CO. Chartered Accountants BENGALURU

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.
The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries.

Further details about gratuity obligations are given in Note 34 (c).

Provision for Leave encashment

The present value of leave encashment is determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of discount rate, future salary increases, and withdrawal rates. Due to complexities involved in the valuation and its long term nature, provision for leave encashment is sensitive to changes in these assumptions. All assumptions are reviewed at each balance sheet date.

Contingencies

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Company, including legal, contractor and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgement and the use of estimates regarding the outcome of future events.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See Note 37, 38 and 39 for further disclosures.

34. Retirement and other employee Benefit:-

Employee Benefit:-

a) Leave Obligation

The leave obligation cover the Company's liability for earned leave and sick leave. The entire amount of the provision of Rs. 32.92 crore (March 31, 2021: Rs. 29.52 crore) is presented as current in financial statements, since the Company does not have an unconditional right to defer settlement of the obligation.

b) Defined benefit plans

During the year ended March 31, 2022, the Company has recognised Rs. 13.58 crore (March 31, 2021: 12.93 crore) as an expenses and included in Employee benefits expense as under the following defined contribution plans.

*Net of amount transferred to CWIP and adjustment against Advance from CPD Rs. 0.25 Crore (March 31, 2021: Rs. 0.23 Crore).

The Company makes contribution towards provident fund which is administered by the trustees. The rules of the Company's provident fund administered by a trust, require that if the board of the trustees are unable to pay interest at the rate declared by the government under para 60 of the Employees provident fund scheme, 1972 for the reason that the return on investment is less for any other reason, then the deficiency shall be made good by the Company making interest shortfall a defined benefit plan. Accordingly, the Company has obtained actuarial valuation and based on the below provided assumption there is no cumulative deficiency at the balance sheet date. Hence, the liability is restricted towards monthly contributions only.

The latest Board of trustee meeting was held on March 31, 2022 wherein Trustees were informed that trust will be surrendered with effect from April 1, 2022.

As per the requirement of Ind AS 19, Employee Benefits of the Institute of Chartered Accountants of India, benefits involving employer established provident funds, which require interest shortfalls to be re-compensated, are to be considered as defined benefit plans. Based on the actuarial valuation and on the assumptions provided below there is no cumulative short-fall which has been provided in the standalone financial statements.

*pertaining to various cases not included below

a) During the year ended March 31, 2017, the Delhi Cantonment Board (DCB) had raised provisional invoice demanding property tax of Rs.9.01 crore in respect of vacant land at IGI Airport for the Financial Year 2016-17. However, based on same computation method as used for payment of property tax to South Delhi Municipal Corporation (SDMC), the company has made payment towards property tax for financial year 2016-17 to FY 2021-22 along with request to DCB to withdraw its demand. DCB has raised provisional invoice on April 29, 2019 and Notice of demand dated November 1, 2019 demanding property tax of Rs. 10.73 crore for the FY 2019-20 along with arrears of Rs. 28.78 crore. Accordingly, the Company has disclosed remaining amount of Rs. 38.41 crore in respect of FY 2016-17 to FY 2019-20 as contingent liability.

The Company has obtained a legal opinion; wherein it has been opined that liability w.r.t. earlier years cannot be ruled out. As DCB has not raised any demand for earlier years, and the Company has submitted its application for adopting the same computation method as considered by SDMC, while arriving at the demand for the financial year 2016-17, the amount of liability for earlier years is unascertainable, and therefore no provision has been considered.

DIAL filed a writ petition before the Hon'ble Delhi High court against DCB to set aside the impugned demand notices. The Hon'ble Delhi High court heard the matter on December 2, 2019 and directed to be keep in abeyance the impugned demand notices and directed DCB to grant a detailed hearing to DIAL, upon DIAL's filing a representation before the DCB, subject to deposit a sum of Rs. 8.00 crores. In compliance of High Court order, DIAL had deposited a sum of Rs. 8.00 crores under protest on December 20, 2019.

However, despite many representations made by DIAL and ignoring all contentions of DIAL, DCB had passed an assessment order dated June 15, 2020 levying the property tax of Rs. 867.21 crores per annum against its earlier assessment of tax of Rs. 9.13 crores per annum and raised the total demand of Rs. 2,601.63 crores for three years i.e. 2016-17 to 2018-19 and DIAL has been directed to pay Rs. 2,589.11 crores after making due adjustments of amount already deposited. As the order is in violation of the earlier order dated December 2, 2019 passed by the Delhi High Court, also is in breach of the provisions of the Cantonments Act. Accordingly, DIAL filed a Writ Petition on July 20, 2020 before the High Court of Delhi challenging the assessment order dated June 15, 2020. The writ petition was heard on various dates in which Honourable Delhi High Court directed DCB not to take any coercive action against the Company till next hearing. Pending writ petition, DCB had assessed additional demand of property tax for Rs. 1733.32 crore for the FY 2019-20 and FY 2020-21 after considering amount paid by DIAL , the Company had filed its additional affidavit for consideration for FY 2019-2020 and FY 2020-2021 in present writ petition. The matter is listed for completion of pleadings before registrar on August 16, 2022 and before court on September 06, 2022.

b) The Ministry of Civil Aviation (MoCA) issued a Circular dated January 8, 2010 giving fresh guidelines regarding the expenditure which could be met out of the PSF (SC) and subsequently clarified by MoCA vide order dated April 16, 2010. Based on the said circular, the Company is not debiting such security expenditure to PSF (SC) escrow account. Further, vide circular dated May 17, 2012, it was further directed that any such expenditure already debited was required to be credited back to PSF(SC) account. However, security expenditure amounting to Rs. 24.48 crore was already incurred prior to April 16, 2010 and was debited to PSF (SC) account.

The Company had challenged the said circulars issued by MoCA before the Hon'ble High Court of Delhi by way of a Writ Petition. The Hon'ble Court, vide its order dated December 21, 2012, had restrained MoCA from taking any coercive measures in the form of initiation of criminal proceedings against the Company and the matter is now listed on May 04, 2022.

Based on an internal assessment and aforesaid order of the Hon'ble High Court of Delhi, the management is confident that no liability in this regard would be payable and as such no provision has been made in these Financial Statements.

c) MoCA had issued orders in the past requiring the Company to reverse the expenditure incurred, towards procurement and maintenance of security systems/equipment and on creation of fixed assets out of PSF (SC) escrow account opened and maintained by the Company in a fiduciary capacity. In the opinion of the management of the Company, the Company had incurred Rs. 297.25 crore towards capital expenditure (excluding related maintenance expense and interest thereon) till the date of order out of PSF (SC) escrow account as per Standard Operating Procedure (SOPs), guidelines and clarification issued by MoCA from time to time on the subject of utilization of PSF (SC) funds and as such had challenged the said order before Hon'ble High court of Delhi.

MoCA in its order had stated that approximate amount of reversal to be made by the Company towards capital expenditure and interest thereon amounting to Rs. 295.58 crores and Rs. 368.19 crores respectively, subject to the order of the Hon'ble High court of Delhi. The Hon'ble High Court of Delhi, vide its order dated March 14, 2014, stayed recovery of amount already utilized by the Company from PSF (SC) Escrow Account till date. The matter is now listed for hearing on January 7, 2023.

Based on an internal assessment, the management of the Company is of the view that no adjustments are required to be made in the books of accounts.

However, pursuant to AERA order No. 30/ 2018-19 dated November 19, 2018 with respect to Company's entitlement to collect X-ray baggage charges from airlines, the Company has remitted Rs. 119.66 crore to PSF (SC) for transfer of screening assets from PSF (SC) to the Company with an undertaking to MoCA by the Company that in case the matter pending before the Hon'ble High Court is decided in its DIAL's favour, DIAL will not claim this amount back from MoCA.

d) The Company was entitled to custom duty credit scrip under Served from India Scheme (SFIS) of Foreign Trade Policy issued by Government of India. Under the terms of SFIS, service providers are entitled to custom duty credit scrip as a percentage of foreign exchange earned by the Company that can be utilized for payment of import duty. Till March 31, 2014, the Company had cumulatively utilized custom duty credit scrip amounting to Rs. 89.60 crore, in lieu of payment of import duty in respect of import of fixed assets (including capital work in progress) and accounted the same as grant as per para 15 of erstwhile Accounting Standard 12 and adjusted the same against certain expenditure which in its view are related to obtaining such custom duty credit scrip entitlements. basis the opinion of the Expert Advisory Committee ('EAC') of the Institute of Chartered Accountants of India.

However, Airport Authority of India ('AAI') has expressed different view on this and argued that amount utilized under SFIS should be treated as revenue and accordingly annual fee on amount of Rs 89.60 crore is payable to AAI.

The Company had filed a writ petition against the AAI's letter in Hon'ble High Court of Delhi on July 10, 2015 disputing the demand and prayed for quashing of demand by AAI. Hon'ble High Court has granted the interim relief and disposed the writ petition with a direction to Company to seek remedy under the provisions of Arbitration law.

The matter was contested in arbitration before Arbitral Tribunal and arbitration award was pronounced in favour of the Company on December 27, 2018, mentioning that the income earned by way of SFIS Scrip does not fall under the definition of Revenue as per OMDA as it is not related with any Aeronautical or Non-Aeronautical activities and it is of the nature of capital receipt. Accordingly, no annual fee is payable to AAI by the Company on SFIS revenue and demand of AAI for annual fee stands rejected. However, AAI has filed an appeal challenging the order of Arbitral Tribunal before the High Court of Delhi on April 25, 2019 for setting aside the arbitration award dated December 27, 2018. The matter is now listed on July 07, 2022.

e) The Director General of Central Excise Intelligence, New Delhi had issued a Show Cause Notice F. NO. 574/CE/41/2014/Inv./PT.II/11327 dated October 10, 2014 on the Company, proposing a demand of service tax of Rs. 59.91 crore (excluding interest and penalty) considering Advance Development Costs ('ADC') collected by Company from the Commercial Property Developers under the service tax category 'Renting of Immovable Property'.

The Company has replied to the show cause notice as referred to above with appropriate authority on April 17, 2015. Subsequently, Additional DG (Adj.), DGCEI has passed Order No. 10/2016-ST dated May 02, 2016 confirming demand of service tax of Rs. 54.31 crore and imposed equivalent penalty. However, based on an internal assessment by the Company in this regard, the Management is of the view that service tax is not leviable on ADC, as these are collected for development of certain infrastructure facilities for the common use and not for the exclusive use of any developer. Service tax liability on ADC, if any arises, shall be adjusted from ADC amount collected by Company from the Commercial Property Developers.

The Company has filed appeal before CESTAT, New Delhi on August 02, 2016 against the order dated May 02, 2016. The matter was concluded and decided vide order dated February 8, 2019 in favour of DIAL setting aside the order of the DG (Adj.) raising a demand of service tax of Rs. 54.31 crore.

The department has filed SLP before Supreme Court, against the Order dated February 8, 2019 passed in favour of DIAL.DIAL has filed counter affidavit on September 9, 2020 and the matter is yet to heard.

Accordingly, the amount of Rs.54.31 crore disclosed as contingent liability as at March 31, 2022. Further, the management of the Company is of the view that no adjustments are required to be made to these financial statements.

f) The Commissioner of Service Tax, New Delhi had issued Six Show Cause Notices (SCN) and one addendum to SCN on the Company, proposing a demand of service tax aggregating to Rs. 275.53 crore (excluding interest and penalty) on the collection of Development Fee ("DF") from passengers in airport for the period from March, 2009 to September, 2013. Out of total demand of service tax of Rs 275.53 crore, service tax amounting to Rs 130.17 crore has already been paid by Company under protest. The Company replied to the show cause notice referred to above with appropriate authority and the issue was heard on merits on February 17, 2016. Subsequently, the Commissioner of Service Tax, has passed Order No. C.No.D III/ST/IV/16/Hqrs/Adjn/DIAL/153/2015/1862-ST dated July 12, 2016 confirming the demand of service tax of Rs. 262.06 crore (after giving cum duty effect) and out of the said demand has appropriated amount of Rs

130.17 crore already deposited by Company under protest towards service tax, and further imposed a penalty of Rs 131.89 crore in respect of this matter.

However, based on an internal assessment by Company in this regard, the management is of the view that service tax is not leviable on DF, as the DF is a statutory levy and is meant to bridge financing gap funding for the airport project. The collection of DF from passengers is not in lieu of provision of any service to them. Further, there is no service provider and service recipient relationship between the Company and the passengers paying DF. Service tax liability, if any arises on DF, shall be decided by AERA, keeping in view the final pronouncement of the matter.

The Company had filed an appeal against the order before CESTAT, New Delhi on October 10, 2016. The matter was concluded in final hearing held on December 04, 2018 and the decision is pronounced on January 18, 2019 in favour of DIAL setting aside the order of the Commissioner levying service tax on ADF and penalty amounting to Rs. 262.06 crore. The department has filed SLP before Supreme Court, against the Order dated January 18, 2019 passed by CESTAT in favour of DIAL. DIAL has filed counter affidavit on August 14, 2020 the last date tentatively fixed was March 28, 2022 but matter did not come up for hearing and next date tentatively fixed in the matter is April 29, 2022.

Accordingly, the amount of Rs.131.89 crore has been disclosed as contingent liability as at March 31, 2022. Further, the management of the Company is of the view that no adjustments are required to be made to these financial statements.

g) In certain matters before Hon'ble Delhi High Court or Hon'ble Supreme Court yet to be decided, wherein DIAL has been made respondent and the petitions filed by the UOI, others/concessionaires which are relating to the applicability of service tax (under pre-GST regime) on services provided by DIAL and the issues under consideration are related to licensing of space in Airport, Service tax on supply of electricity, running of duty free shops to be regarded as Airport Services. DIAL initially charged service tax against the services provided, however levy and the applicability was contested by the such parties and accordingly they filed petitions before judicial authorities making DIAL as a party/respondent in the matters. The management is of the view that these matters will not result in any additional obligation on DIAL in case of adverse decisions and in case of any demand or liability arising on account of adjudication of the issues, the same are recoverable from the service recipients.

h) DIAL issued various communications to AAI from month of March 2020 onwards inter-alia under Article 16 (Force Majeure) and informed AAI that consequent to outbreak of Covid-19 pandemic, the entire aviation industry, particularly the IGI Airport has been adversely affected. It was specifically communicated that the said crisis has materially and adversely affected the business of DIAL which in turn has directly impacted the performance of DIAL's obligations under the OMDA (including obligation to pay Annual Fee/Monthly Annual Fee) while DIAL is continuing to perform its obligation to operate, maintain and manage the IGI Airport. DIAL thereby invoked Force Majeure post outbreak of COVID-19 "A Pandemic" as provided under Article 16 of OMDA and claimed that it would not be in a position to perform its obligation to prepare Business Plan and pay Annual Fee/ Monthly Annual fee to AAI. The said event(s) of Force Majeure had also been admitted by AAI in its communication to DIAL. Consequently, DIAL is entitled to suspend or excuse the performance of its said obligations to pay Annual Fee/Monthly Annual Fee as notified to AAI. However, AAI has not agreed to such entitlement of DIAL under OMDA. This has resulted in dispute between DIAL and AAI and for the settlement of which, DIAL has invoked on September 18, 2020 dispute resolution mechanism in terms of Article 15 of OMDA. Further, on December 02, 2020, DIAL again requested to AAI to direct the Escrow Bank to not to transfer the amounts from Proceeds Accounts to AAI

Fee Account, seeking similar treatment as granted by Hon'ble High Court of Delhi to Mumbai International Airport Ltd.

In the absence of response from AAI, DIAL approached Delhi High Court seeking certain interim reliefs by filing a petition u/s 9 of Arbitration & Conciliation Act on December 5, 2020 due to the occurrence of Force Majeure event post outbreak of COVID 19 and its consequential impact on business of DIAL, against AAI and ICICI Bank (Escrow Bank). The Hon'ble High Court of Delhi vide its order dated January 5, 2021 has granted ad-interim reliefs with following directions:

- The ICICI Bank is directed to transfer back, into the Proceeds Account, any amount which may have been transferred from the Proceeds Account to the AAI Fee Account, after December 9, 2020,
- Transfer of moneys from the Proceeds Account to the AAI Fee Account, pending further orders, shall stand stayed and DIAL can use money in Proceeds Account to meet its operational expenses.

Meanwhile with the nomination of arbitrators by DIAL and AAI and appointment of presiding arbitrator, the arbitration tribunal has been constituted on January 13, 2021. The pleadings in the matter are complete and both the parties have to filed the witness affidavits and next hearings of arbitration tribunal is fixed in May 2022.

Before DIAL's above referred Section 9 petition could be finally disposed off, AAI has preferred an appeal against the ad-interim order dated January 5, 2021 under section 37 of the Arbitration and Conciliation Act, 1996 before division bench of Delhi High Court, which is listed for consideration and arguments.

In compliance with the ad-interim order dated January 5 2021, AAI has not issued any certificate or instructions to the Escrow Bank from December 09, 2020 onwards regarding the amount of AAI Fee payable by DIAL to AAI, as contemplated under the Escrow Agreement and the OMDA. Resultantly both pursuant to the ad-interim order of Hon'ble Delhi High Court and in the absence of any certificate or instruction from AAI, the Escrow Bank has not transferred any amount pertaining to AAI Fee from Proceeds Account to AAI Fee Account of the Escrow Account from December 09, 2020 onwards.

Basis the legal opinion obtained, the Company is entitled to not to pay the Monthly Annual fee under article 11.1.2 of OMDA to AAI being an obligation it is not in a position to perform or render on account of occurrence of Force Majeure Event, in terms of the provisions of Article 16.1 of OMDA till such time the Company achieves level of activity prevailing before occurrence of Force majeure. Further, the Company has also sought relief for refund of MAF of an amount of Rs. 465.77 crore appropriated by AAI for the period starting from March 19, 2020 till December 2020.

In view of the above, the management of the Company has decided to continue to not to provide the Monthly Annual Fee to AAI for the year ended March 31, 2022 amounting to Rs. 989.59 crores in addition to Rs. 768.69 crores for the year ended March 31, 2021.

As AAI had already appropriated the Monthly Annual Fee amounting to Rs. 446.21 crores from April 01, 2020 till December 09, 2020, which the company had already protested. Accordingly, the same had been shown as Advance to AAI paid under protest. However, since the recovery of this amount is sub-judice before the Hon'ble Delhi High Court and the arbitral tribunal, as a matter of prudence, the Company had decided to create a provision against above advance and shown the same in other expenses for the year ended March 31. 2021.

Recently, as an interim arrangement the Parties (DIAL and AAI) by mutual consent and without prejudice to their rights and contentions in the dispute before the arbitrator, have entered into a Settlement Agreement (hereinafter "Agreement") dated April 25, 2022, for the payment of Annual Fee/ Monthly Annual Fee (AF/ MAF) with effect from April 2022, prospectively.

Delhi International Airport Ltd. New Delhi

Consequent to this interim arrangement, both DIAL and AAI have filed copy of the Agreement in their respective petition and appeal before Hon'ble Delhi High Court and have withdrawn the pending proceedings. This arrangement is entirely without prejudice to the rights and contentions of the parties in respect of their respective claims and counter claims in the pending arbitration proceedings, including the disputes in respect of payment/non-payment of MAF from March 19, 2020 onwards, till such time as provided in Article 16.1.5 (c) of OMDA.

i) The Government of India announced Services Export from India Scheme (SEIS) under Foreign Trade Policy (FTP) 2015-20 under which the service provider of notified services is entitled to Duty Credit Scrips as a percentage of net foreign exchange (NFE) earned. These Scrips either can be used for payment of basic custom duty on imports or can be transferred/traded in the market

DIAL is of the view that the Scrips received under SEIS are in nature of Government Grant and is similar to the Scrips received earlier under Served from India Scheme (SFIS) of Foreign Trade Policy 2010-15. Hence, in view of the Arbitral Order dated December 27, 2018 in case of SFIS Scrip, the Income from SEIS Scrip is out of the purview of revenue definition as per OMDA. Accordingly, management believes that, no Annual Fee is payable as per the provisions of OMDA, and has not been provided in these financial statements.

However, Revenue Auditor appointed by AAI have considered the same as Revenue under OMDA and accordingly, AAI has asked us to pay revenue share on this revenue and withheld the amount of Rs. 43.21 crores from excess MAF payment in FY 2019-20.

DIAL had shown the amount of Rs. 43.21 crore as part of advances recoverable from AAI and continuously followed up with AAI for adjustment/ refund of the same. However, despite several follow up AAI had not refunded/ adjusted the same in past 2 years.

Accordingly, pending the settlement of High Court on similar matter related to SFIS scrips (on which arbitration award was in DIAL's favour), and considering the delay and non-action on part of AAI to refund the said amount, as a matter of prudence, DIAL has decided to provide the amount of Rs. 43.21 crores in the statement of profit & loss as Provision against Advance recoverable from AAI.

II. Financial guarantees- The Company has not provided any financial guarantee other than performance guarantee on its own behalf, to any party.

Performance guarantees given by the Company on its own behalf are not considered as contingent liability.

III. Capital and Other Commitments:

i. Capital Commitments:
The Company has estimated amount of contracts remaining to be executed on capital account not provided for Rs. 3,183.21 crore (excluding GST) [Net of advances of Rs. 519.10 crore (excluding GST)] at March 31, 2022 and Rs. 5,148.34 crore (excluding GST) [net of advances of Rs. 681.38 crore (excluding GST)] at March 31, 2021.

37. Segment Information

The Company has only one reportable business segment, which is operation of airport and providing allied services and operates in a single business segment. Accordingly, the amounts appearing in the financial statements relate to the Company's single business segment.

Major customers: There is no major customer exceeding 10% of the total revenue in current year (March 31, 2021: Revenue from one customer of the Company was approximately Rs. 271.76 crore of the Company's total revenues).

38. Fair Values

The carrying amount of all financial assets and liabilities (except for certain other financial assets and liabilities, i.e. "Instruments carried at fair value") appearing in the financial statements is reasonable approximation of fair values. Such investments carried at fair value are disclosed below:

Particulars	Carrying value		Fair value	
	As at March 31, 2022	As at March 31, 2021	**As at March 31, 2022**	As at March 31, 2021
Financial Assets				
Investment in mutual fund	**357.90**	744.84	**357.90**	744.84
Cash flow hedges-Call spread option	**723.01**	872.41	**723.01**	872.41
Total	**1,080.91**	1,617.25	**1,080.91**	1,617.25
Financial Liabilities (carried at amortised cost)				
Security Deposits from trade concessionaires	**654.26**	627.28	**674.35**	638.11
Security Deposits from commercial property developers	**182.44**	15.99	**187.40**	16.74
Total	**836.71**	642.27	**861.75**	654.85

Assumption used in estimating the fair values:

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumption were used to estimate the fair values:

The Company enters into derivative financial instruments with various counterparties, principally financial institutions with investment grade credit ratings. Derivatives are valued using valuation techniques, which employs the use of market observable inputs. The most frequently applied valuation techniques include forward pricing and swap models, using present value calculations. The models incorporate various inputs including the credit quality of counterparties, foreign exchange spot and forward rates, yield curves of the respective currencies, currency basis spreads between the respective currencies, interest rate curves and forward rate curves of the underlying commodity. As at March 31, 2022, the marked-to-market value of derivative asset positions is net of a credit valuation adjustment attributable to derivative counterparty default risk.

40. Risk Management

Financial risk management objectives and policies

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, security deposits and trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations. The Company also enters into derivative transactions.

K.S. RAO & CO. Chartered Accountants BENGALURU

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. All derivative activities for risk management purposes are carried out by senior management team that have the appropriate skills, experience and supervision. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of interest rate risk and currency risk. Financial instruments affected by market risk include loans and borrowings, deposits and derivative financial instruments.

The sensitivity analysis in the following sections relate to the position as at March 31, 2022 and March 31, 2021:

The sensitivity analyses have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies are all constant and on the basis of hedge designations in place at March 31, 2022.

The analyses exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities of foreign operations. The analysis for the contingent consideration liability is provided in Note 35 (I).

The following assumptions have been made in calculating the sensitivity analyses:

- The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2022 and March 31, 2021.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to risk of changes in market interest rates as the borrowings of the Company are at fixed rate of interest.

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the foreign currency borrowings taken from banks. However, the Company has hedged its borrowing through call spread option.

Cash flow hedges

Foreign exchange call spread options measured at fair value through OCI are designated as hedging instruments in cash flow hedges to hedge the USD INR conversion rate volatility with reference to the cash outflows on settlement of its borrowings designated in USD.

Walker Chandiok & Co LLP Chartered Accountants

K.S. Rao & Co. Chartered Accountants Bengaluru

The fair value of foreign exchange call spread option varies with the changes in foreign exchange rates and repayment of future premium.

	Assets	**Liabilities**	Assets	Liabilities
Cash flow hedges-Call spread option	**723.01**	-	872.41	-

As at March 31, 2022 the USD spot rate is above the USD call option strike price for all call spread options of USD 1,022.26 million. Accordingly, an amount of Rs. 304.84 crore of foreign exchange loss has been transferred to Cash flow hedge reserve from statement of profit and loss to neutralize the impact of Foreign exchange loss included in standalone statement of profit and loss. Further, net loss of Rs 1.05 crores has been reclassified to standalone statement of profit and loss on settlement of USD 288.75 million call spread option.

As at March 31, 2021, the USD spot rate is above the USD call option strike price for all call spread options of USD 1311.35 million. Accordingly, an amount of Rs. 335.94 crore of foreign exchange gain has been transferred to Cash flow hedge reserve from statement of profit and loss to neutralize the impact of Foreign exchange gain included in standalone statement of profit and loss.

Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in foreign currency exchange rates, with all other variables held constant. The impact on the Company's profit/ (loss) before tax is due to changes in the fair value of liabilities including non-designated foreign currency derivatives. The impact on the Company's pre-tax equity is due to changes in the fair value of forward exchange contracts designated as cash flow hedges and Interest rate swap. The Company's exposure to foreign currency changes for all other currencies is not material.

Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables and other financial assets) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Trade receivables- Customer credit risk is managed by Company subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored and any services to major customers are generally covered by bank guarantee or other forms of credit assurance.

Financial instruments and cash deposits- Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counter party. Counterparty credit limits are reviewed by the Company's senior management on regular basis, and may be updated throughout the year. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2022 and March 31, 2021 is the carrying amounts of Trade Receivables.

41. Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is total net debt divided by total equity plus total net debt. The Company's policy is to keep the gearing ratio below 80%, which is reviewed at end of each financial year.

(f) Based on the legal opinion taken, the management is of the view that the Annual Fee payable to AAI should be based upon "Revenue" as defined under OMDA instead of on Gross Receipts credited to the statement of profit and loss (with certain exclusions). The matter is in dispute with the AAI and pending with arbitration tribunal, currently annual fee to AAI is being paid under protest on similar basis as was being paid earlier. Both the parties have completed its final arguments in arbitration proceedings and the matter is reserved for passing of Award.

(g) The Company is collecting "Marketing Fund" at a specified percentage from various concessionaires as per the agreement with respective concessionaires and to be utilized towards sales promotional activities as defined in such agreements in accordance with the Marketing Fund policy adopted by the Company. As at March 31, 2022, the Company has accounted for Rs. 196.30 crore (March 31, 2021: Rs. 181.07 crore) towards such Marketing Fund and has incurred expenditure amounting to Rs. 155.66 crore (March 31, 2021: Rs. 129.34 crore) (net of income on temporary investments) till March 31, 2022 from the amount so collected. The balance amount of Rs. 40.63 crore pending utilization as at March 31, 2022 (March 31, 2021: Rs. 51.72 crore) against such sales promotion activities is included under "Other current liabilities" as specific fund to be used for the purposes to be approved by the Marketing fund committee constituted for this purpose as per Marketing Fund Policy.

(h) The Company is of the view that certain income/ credits arising on adoption of Ind-AS were not in contemplation of parties in April 2006 when this Concession Agreement i.e. OMDA was signed / entered. Further, these income/credits in Statement of Profit and Loss do not represent receipts from business operations from any external sources and therefore, these incomes/credits should not form part of "Revenue" as defined in OMDA for the purpose of calculating monthly annual fee (MAF) payable to AAI. Accordingly, the Company, based on legal opinion has provided the MAF to AAI based on Revenue as per the Ind AS financial statements after adjusting such incomes/credits. Detail of such incomes / credits are as under :

Description	**Incomes forming part of**	**For the year ended March 31, 2022**	For the year ended March 31, 2021

(j) The Hon'ble Orissa High Court vide Judgement in W.P. No.20463/2018, in the case of Safari Retreats Private Limited, observed that the GST provisions w.r.t input tax credit allowability in respect of Civil work are not in line with the objective of the Act, and accordingly, held that if an assessee is required to discharge GST on the rental income, it is eligible to avail the Input Tax Credit (ITC) of GST w.r.t. civil work. DIAL (the company) is engaged in rendering output supplies which is in the nature of letting out space/ facilities to various airline operators and other parties/concessionaires, against consideration, known by different nomenclatures and the same is subject to GST. Hence, the company has availed the GST ITC in respect of the costs for civil work incurred as part of the Phase 3A expansion project and regular operations, upon application of the said judicial pronouncement. Further, department has filed an appeal in Hon'ble Supreme Court of India against the judgement of Hon'ble Orissa High Court. Pending outcome of judgement of Hon'ble Supreme Court of India, considering the judgement of Hon'ble Orissa High Court and based on the opinion obtained by the Company in this regard, the Management is of the view that GST ITC in respect of such civil work is eligible to be availed by the Company. Having regard to the same, GST ITC amounting to Rs. 754.78 crores (March 31, 2021: Rs.477.62 crores) has been claimed in GST return and lying as balance to GST ITC unutilised kept in separate ledger in the books of accounts. Also an intervention application has been filed by DIAL before Hon'ble Supreme Court of India in the matter of appeal filed by the department against Judgement of Orissa High Court in the matter.

Further a Writ Petition has also been filed by the company in the matter before Delhi High Court on July 10, 2020, for ITC claim to be allowed of GST in respect of the civil works i.e. works contract service and goods and services received by the company for construction of immoveable property used for providing output taxable supplies. The writ was heard by the Hon'ble High Court on July 29, 2020 and has issued notice to the respondents. Accordingly, the matter was heard on various dates and next date of hearing has been fixed on May 06, 2022.

(m) DIAL has entered into Development agreements with five developers collectively referred as Bharti Reality SPV's ("Developers") on March 28, 2019 ("Effective date") granting the Developers the right during the term for developing 4.89 million square feet commercial space from the Effective Date subject to the receipt of applicable permits. As per the terms of Development agreements, DIAL is entitled to receive interest free refundable security deposit ("RSD"), advance development cost ("ADC") and the annual lease rent ("ALR") in certain manner and at certain times as stated in the respective development agreements.

With respect to the receipt of applicable permits, the approval of Concept Master Plan ("CMP") was received from Delhi Urban Art Commission (DUAC) in March 2021. Thereafter, a sudden surge in Covid-19 cases emerged in India affecting the entire economy. Accordingly, DIAL was not in a position to effectuate the transaction and seek payment of ALR, balance amount of RSD and ADC from the Developers until August 2021.

On August 27, 2021, basis the CMP, the Company has entered into certain modifications w.r.t. area and date of commencement of lease rental for the three Developers. As per amended agreements, lease rentals have started with effect from September 1, 2021 for modified area of 2.73 million square feet (approx.).

Accordingly, considering the above and the amendment with three Developers as Lease Modification, lease receivables (including unbilled revenue) of Rs. 678.04 crores accrued until August 2021 has been adjusted to balance lease period, in accordance with recognition and measurement principles under Ind AS 116 "Leases". Consequently, the Company has also carried forward the provision of annual fee to AAI of Rs. 211.35 crores corresponding to straight lining adjustments of Ind AS 116 which will get adjusted in future in line with Lease receivables.

In respect of Development agreements with two Developers for balance area of 2.16 million square feet (approx.), the asset area will be identified by DIAL not later than February 28, 2023, as per mutual understanding vide agreement dated August 27, 2021. Accordingly, all payments will be due basis the handover of asset area. Pending identification of asset area and effectiveness of lease, the Company has reversed the lease receivables (including unbilled revenue) of Rs. 462.33 crores pertaining to these two developers recognized earlier until August 2021 in accordance with recognition and measurement principles under Ind AS 116 "Leases". Further, the Company has also reversed the provision of annual fee to AAI of Rs. 144.11 crores corresponding to the straight lining adjustments of Ind AS 116 recognized earlier until August 2021. Further, the Company has also made the required adjustments of RSD as per Ind AS 109, reversing the discounting impact amounting to Rs. 6.94 crores in statement of profit & loss. The net amount of Rs. 325.16 crores is disclosed as an "Exceptional item" in statement of profit & loss.

Independent Auditor's Report

To the Members of Delhi International Airport Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of Delhi International Airport Limited ('the Holding Company'), its associates and joint ventures, as listed in Annexure 1, which comprise the Consolidated Balance Sheet as at 31 March 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the associates and joint ventures, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India of the consolidated state of affairs of the Holding Company , its associates and joint ventures, as at 31 March 2022, and their consolidated loss (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Holding Company, its associates and joint ventures in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained together with the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 16 of the Other Matter section below, is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

4. We draw attention to Note 2(C) of the accompanying consolidated financial statements, which describes the uncertainties due to the outbreak of Covid-19 pandemic and the management's evaluation of the impact on the consolidated financial statements of the Holding Company as at the balance sheet date.

   Our opinion is not modified in respect of this matter.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment and based on the consideration of the reports of the other auditors on separate financial statements of the associates and joint ventures, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

6. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
Valuation of Derivative Financial Instruments *Refer to Note 3(r) for the accounting policy and note 7, 38, 39 and 40 for the financial disclosures in the accompanying c*onsolidated financial statements The Holding company has entered into derivative financial instruments i.e., call spread options, coupon only hedge, to hedge its foreign currency risks in relation to the long-term bonds issued in foreign currency. Management has designated these derivative financial instruments and the aforesaid debt at initial recognition as cash flow hedge relationship as per Ind AS 109, Financial Instruments. The valuation of hedging instrument is complex and necessitates a sophisticated system to record and track each contract and calculate the related valuations at each financial reporting date. Since valuation of hedging instruments and consideration of hedge effectiveness involves both `significant assumptions and judgements such as market observable inputs and involvement of management's valuation specialist, and therefore, is subject to an inherent risk of error. We have identified valuation of hedging instruments as a key audit matter in view the aforesaid significant judgements, estimates and complexity involved.	Our audit procedures to test the valuation of the derivative financial instruments included but were not limited to the following: • Assessed and tested the design and operating effectiveness of Holding Company's key internal controls over derivative financial instruments and the related hedge accounting; • Reviewed the management's documentation for the designated hedge instrument which defines the nature of hedge relationship; • Considered the consistent application of the accounting policies and assessed the hedge accounting methodologies applied; and compared these to the requirements of Ind AS 109, Financial Instruments; • Evaluated the management's valuation specialist's professional competence, expertise and objectivity; • Tested the accuracy of input data provided by the management to the external valuation specialist and assessed the reasonability of the assumptions used, while valuing the hedging instruments; • Involved our valuation specialists to test the fair values of derivative financial instruments and compared the results to the management's results; Assessed the appropriateness and adequacy of the related disclosures in the consolidated financial statements in accordance with the applicable accounting standards
Capitalization for airport expansion *Refer to Note 3(f) for the accounting policy and Note 44(n) for the financial disclosures in the accompanying consolidated financial statements.*	Our audit procedures to assess appropriate capitalization of such expenditure included, but were not limited to the following: • Assessed the design and implementation and tested the operating effectiveness of key

<table>
<tr>
<td>The Holding Company is in the process of expansion of the airport with a plan to incur an amount of INR 10,576.13 crores. Till as at 31 March 2022, the Holding Company has incurred INR 6,215.69 crores as capital expenditure towards such capital expansion.

Determining whether expenditure meets the capitalization criteria, specifically with regard to whether they are operational or capital in nature, involves significant management judgement in assessing whether capitalization is in line with Ind AS 16, Property, Plant and Equipment and the Holding Company's accounting policy.

Further, the tariff determination by AERA for control periods for the aeronautical services is linked to the Regulated Asset Base, which is based on the fixed asset balance and considering these additions are significant to the asset base of the Holding Company, we have assessed inappropriate capitalization as a significant risk as part of our audit strategy.

Such, the aforementioned capital expenditure has been funded from the specific borrowings raised for such purpose. Accordingly, the borrowing cost incurred on such borrowings have been included as a capital expenditure in accordance with the provisions of Ind AS 23, Borrowing Costs.

Owing to the above factors, we have identified this as a key audit matter for current year audit due to the significance of the capital expenditure incurred during the year.</td>
<td>controls surrounding the capitalization of costs.
• Reviewed management's capitalization policy, including application of the aforesaid policy, to assess consistency with the requirements set out by Ind AS 16, Property, Plant and Equipment.
• Compared the additions with the budgets and the orders given to the vendors.
• Ensured that the borrowing cost capitalized is as per Ind AS 23 Borrowing Costs.
• Tested the additions on a sample basis for their nature and purpose to ensure that the capitalization is as per Holding company's accounting policy.
Assessed the appropriateness and adequacy of the related disclosures in the consolidated financial statements in accordance with the applicable accounting standards.</td>

<td>Monthly Annual Fee to Airport Authority of India (AAI)

Refer to Note 36(I)(h) for the financial disclosures in the accompanying consolidated financial statements.

The Holding Company has ongoing litigation / arbitration proceedings with Airport Authority of India (AAI) in respect of Monthly Annual Fee (MAF) for the period 1 April 2020 to 31 March 2022 for which the Holding Company has sought to be excused from making payment to AAI as triggered from a force majeure event, which could have a significant impact on the accompanying consolidated financial statements, if the potential exposure were to materialize. liability or disclosed as a contingent liability, is inherently subjective. The outcome of such litigation /arbitration proceedings is currently uncertain and the aforesaid assessment requires significant judgement by the management including interpretation of legal rights and obligations arising out of the underlying Operation, Management and Development Agreement dated 4 April 2006 entered with AAI, which required involvement of both management's and auditor's experts. Accordingly, this matter has been determined as a key audit matter for current year audit. The above matter is also considered fundamental to the understanding of the users of the accompanying consolidated financial statements on account of the uncertainties relating to the future outcome of the proceedings/litigation.	management of the Holding Company to understand management's assessment of the matter; • Evaluated the legal opinions obtained by the management from its internal and external legal experts on the likelihood of the outcome of the said contingencies and potential impact of ongoing litigation/ arbitration proceedings and amount paid under protest, basis our understanding of the matter obtained as above, and held further discussions, as required, with such experts to seek clarity of their legal assessments. • Involved independent auditor's experts to validate the assessment of the likelihood of the outcome of contingencies and potential impact of ongoing litigation/ arbitration proceedings and amount paid under protest in order to assess the basis used for determination of appropriateness of the accounting treatment and resulting disclosures in the consolidated financial statements in accordance with the requirements of applicable accounting standards;

Information other than the Consolidated Financial Statements and Auditor's Report thereon

7. The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

   Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

   In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

   When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

8. The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors. The Holding Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Holding Company including its associates and joint ventures in accordance with the Ind AS specified under section 133 of the Act read with the Companies (Indian

Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India. The respective Board of Directors of the Holding Company and its associates and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Holding Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.

9. In preparing the consolidated financial statements, the respective Board of Directors of the Holding Company and of its associates and joint ventures are responsible for assessing the ability of the Holding Company and of its associates and joint ventures to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Holding Company or to cease operations, or has no realistic alternative but to do so.

10. Those respective Board of Directors are also responsible for overseeing the financial reporting process of the Holding Company and of its associates and joint ventures.

Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

12. As part of an audit in accordance with Standards on Auditing specified under section 143(10) of the Act, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls;

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;

- Conclude on the appropriateness of Board of Directors’ use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Holding Company and its associates and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Holding Company and its associates and joint ventures to cease to continue as a going concern;

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and

- Obtain sufficient appropriate audit evidence regarding the financial information/ financial statements of the Holding Company or business activities within the Holding Company, and its associates and joint ventures, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the financial statements, of which we are the independent auditors. For the other entities included in the financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

16. The consolidated financial statements include the Holding Company's share of net profit (including other comprehensive income) of ₹ 23.06 crores for the year ended 31 March 2022, as considered in the consolidated financial statements, in respect of 2 associates and 1 joint venture, whose financial statements have not been audited by us.

In our opinion and according to the information and explanations given to us by the management, this financial statements is not material to the Holding Company.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matter with respect to our reliance on the financial statements certified by the management.

Report on Other Legal and Regulatory Requirements

17. As required by section 197(16) of the Act based on our audit and on the consideration of the reports of the other auditors, referred to in paragraph 16, on separate financial statements of the associates and joint ventures, we report that the Holding Company incorporated in India whose financial statements have been audited under the Act have paid remuneration to their respective directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act. Further, we report that the provisions of section 197 read with Schedule V to the Act are not applicable to 5 associates companies and 3 joint venture companies incorporated in India whose financial statements have been audited under the Act, since none of such companies is a public company as defined under section 2(71) of the Act. Further, as stated in paragraph 16, financial statements of 1 joint venture company covered under the Act are unaudited and have been furnished to us by the management, and as certified by the management, such company have not paid or provided for any managerial remuneration during the year. Accordingly, reporting under section 197(16) of the Act is not applicable in respect of such joint venture company.

18. As required by clause (xxi) of paragraph 3 of Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act based on the consideration of the Order reports issued till date by us and by the respective other auditors as mentioned in paragraph 16 above, of companies included in the consolidated financial statements for the year ended 31 March 2022 and covered under the Act we report that:

Annexure 2 to the Independent Auditor's Report of even date to the members of Delhi International Airport Limited on the consolidated financial statements for the year ended 31 March 2022

Independent Auditor's Report on the internal financial controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the consolidated financial statements of Delhi International Airport Limited ('the Holding Company'), its associates and joint ventures as at and for the year ended 31 March 2022, we have audited the internal financial controls with reference to financial statements of the Holding Company, its associate companies and joint venture companies, which are companies covered under the Act, as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The respective Board of Directors of the Holding Company, its associate companies and joint venture companies, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company, its associate companies and joint venture companies, as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to

financial statements of the Holding Company, its associate companies and joint venture companies as aforesaid.

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion and based on the consideration of the reports of the other auditors on internal financial controls with reference to financial statements of the associate companies and joint venture companies, the Holding Company, its associate companies and joint venture companies, which are companies covered under the Act, have in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matter

9. The consolidated financial statements include the Holding Company's share of net profit (including other comprehensive income) of ₹ 23.06 crores for the year ended 31 March 2022, in respect of 2 associates and 1 joint venture, which are companies covered under the Act, whose internal financial controls with reference to financial statements have not been audited by us.

   The consolidated financial statements include the Holding Company's share of net loss (including other comprehensive income) of ₹ 0.47 crores for the year ended 31 March 2022, in respect of 1 associate and 1 joint venture, which are companies covered under the Act, whose internal financial controls with reference to financial statements have also been audited by one of the joint auditor, K.S. Rao & Co. The consolidated financial statements also include the Holding Company's share of net profit (including other comprehensive income) of ₹ 95.14 crores for the year ended 31 March

2022, in respect of 2 associates and 1 joint venture, which are companies covered under the Act, whose internal financial controls with reference to financial statements have also been audited by one of the joint auditor, Walker Chandiok & Co LLP.

The internal financial controls with reference to financial statements in so far as it relates to such associate companies and joint venture companies have been audited by joint auditor, K.S. Rao & Co. and Walker Chandiok & Co LLP and other auditors whose reports have been furnished to us by the management and our report on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements of the Holding Company, its associate companies and its joint venture companies, as aforesaid, under section 143(3)(i) of the Act, in so far as it relates to such associate companies and joint venture companies is based solely on the reports of the joint auditor, K.S. Rao & Co and Walker Chandiok & Co LLP and other auditors of such companies. Our opinion is not modified in respect of the above matter with respect to our reliance on the work done by and on the reports of the other auditors.

We did not audit the internal financial controls with reference to financial statements in so far as it relates to 1 joint venture company, which is company covered under the Act, in respect of which Holding Company's share of net loss (including other comprehensive income) of ₹ 1.39 crores for the year ended 31 March 2022, has been considered in the consolidated financial statements. The internal financial controls with reference to financial statements of this joint venture company, which is company covered under the Act, are unaudited and our opinion under Section 143(3)(i) of the Act on adequacy and operating effectiveness of the internal financial controls with reference to financial statements insofar as it relates to the aforesaid joint venture company, which is company covered under the Act, is solely based on the corresponding internal financial controls with reference to financial statements report certified by the management of such company. In our opinion and according to the information and explanations given to us by the management, these financial statements are not material to the Holding Company. Our opinion is not modified in respect of the above matter with respect to our reliance on the internal financial controls with reference to financial statements report certified by the management.

1. Corporate Information

Delhi International Airport Limited ('DIAL' or 'the Holding Company'), is a Public Limited Company domiciled in India, its subsidiary, associates and joint ventures herein are collectively referred as "the Group". DIAL was incorporated as a Private Limited Company on March 1, 2006 under the provisions of the erstwhile Companies Act, 1956, (replaced with Companies Act 2013 with effect from April 1, 2014) and was converted into a Public Limited Company w.e.f. April 10, 2017. DIAL is into the business of managing the operations and modernization of the Indira Gandhi International Airport ('Delhi Airport'). GMR Airports Limited ('GAL' or 'Holding company of DIAL') a subsidiary of GMR Infrastructure Limited ('GIL' or 'Intermediate Holding Company'), holds majority shareholding in the Holding Company. DIAL had entered into Operation, Management and Development Agreement ('OMDA') with Airports Authority of India ('AAI'), which gives DIAL an exclusive right to operate, maintain, develop, modernize and manage the Delhi Airport on a revenue sharing model for an initial term of 30 years, which can be extended by another 30 years on satisfaction of certain terms and conditions pursuant to the provisions of the OMDA entered between Holding Company and AAI.

The consolidated financial statements were authorised for issue by the board of directors by passing a resolution vide their meeting held on May 27, 2022.

2. A) Basis of Preparation

The consolidated financial statements of the Group have been prepared in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and presentation requirement of division II of schedule III to the Companies Act, 2013 (Ind AS compliant schedule III), as applicable to the consolidated financial statements.

Accounting Policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use [refer note 3].

The consolidated financial statements have been prepared on historical cost convention on an accrual basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Derivative Financial Instruments
- Certain financial assets and liabilities (refer accounting policy regarding financial instruments) which have been measured at fair value.

B) Basis of Consolidation

(i) Subsidiary

Subsidiary includes the entity over which the Group has control. The Group controls an entity when it is exposed or has right to variable return from its involvement with the entity, and has the ability to affect those returns through its power (that is, existing rights that give it the current ability to direct the relevant activities) over the entity. The Group re-assesses whether or not it controls the entity, in case the under-lying facts and circumstances indicate that there are changes to above mentioned parameters that determine the existence of control.

Subsidiary is fully consolidated from the date on which control is transferred to the Group, and they are deconsolidated from the date when control ceases.

(ii) Joint ventures and associates

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

Joint ventures and associates are accounted for from the date on which Group obtains joint control over the joint venture / starts exercising significant influence over the associate.

(iii) Method of consolidation

Accounting policies of the respective individual subsidiary, joint venture and associate are aligned wherever necessary, so as to ensure consistency with the accounting policies that are adopted by the Group under Ind AS.

The Consolidated financial statements of subsidiary are fully consolidated on a line-by-line basis. Intragroup balances and transactions, and income and expenses arising from intra-group transactions, are eliminated while preparing the said financial statements. The un-realised gains resulting from intra-group transactions are also eliminated. Similarly, the un-realised losses are eliminated, unless the transaction provides evidence as to impairment of the asset transferred.

The Group's investments in its joint ventures and associates are accounted for using the equity method. Accordingly, the investments are carried at cost as adjusted for post-acquisition changes in the Group's share of the net assets of investees. Any excess of the cost over the Group's share of net assets in its joint ventures / associates at the date of acquisition is recognised as goodwill. The goodwill is included within the carrying amount of the investment. The un-realised gains / losses resulting from transactions (including sale of business) with joint ventures and associates are eliminated against the investment to the extent of the Group's interest in the investee. However, un-realised losses are eliminated only to the extent that there is no evidence of impairment.

At each reporting date, the Group determines whether there is objective evidence that the investment is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of investment and its carrying value.

*During the year ended March 31, 2022, Delhi Aerotropolis Private Limited has been struck off in Registrar of Companies and now stand dissolved.

** W.e.f. from September 11, 2017, the Holding Company has entered into a share subscription cum shareholder's agreement for acquisition of 17.33% of shareholding in GMR Bajoli Holi Hydropower Private Limited. The Holding Company holds 20.85% of shareholding in GMR Bajoli Holi Hydropower Private Limited as at March 31, 2019 which is subsequently changed to 20.14% as at March 31, 2020.

The Holding Company has invested in DIGI Yatra foundation, a Special Purpose Vehicle (SPV) formed as central platform for identity management of passengers, as Joint Venture (JV) of private airport operators and AAI under Section 8 of the Companies Act, 2013 (Not for Profit Organization). It has been decided by AAI that initially for incorporation AAI, DIAL and Bangalore International Airport Limited (BIAL) will form this Company with shareholding of 26:37:37 respectively. Currently DIGI Yatra foundation is having paid up capital of Rs. 10,000 and DIAL has invested Rs. 2,200. In future, the equity share of Joint Venture Company (JVC) will be 26% of AAI and remaining 74% will be equally divided amongst the Private Airport Operators viz. BIAL, Cochin International Airport Limited, DIAL, GMR Hyderabad International Airport Limited (GHIAL), Mumbai International Airport Limited (MIAL) i.e. 14.8% each.

C) Going concern

In case of Holding Company, the operations were impacted by the Covid-19 pandemic and while management believes that such impacts are short term in nature. The Holding Company has made detailed assessment of its liquidity position for the next one year and of the recoverability and carrying values of its assets as at the balance sheet date and has concluded that there are no material adjustments required in the consolidated financial statements. During the year, the Holding Company has shown significant recovery in the domestic traffic as compared to previous year and the international traffic is expected to recover significantly post removal of restrictions on international flights w.e.f. March 27, 2022. However, the impact of the COVID 19 pandemic on the business operation will be depend on future developments that cannot be reliably predicted. The impact of the COVID 19 pandemic might be different from that estimated as at the date of approval of these consolidated financial statements and the Holding Company will closely monitor any material changes to future economic conditions.

The Delhi Aviation Services Private Limited (DASPL) had entered into Concession Agreement with Delhi International Airport Limited (DIAL) for a period of 10 years effective from 30th July 2010 and ending on 29th July 2020 for provisioning services vis-à-vis Ground Power Unit (GPU), Portable Air Conditioner (PCA) and supplying Purified Water. Considering the business executed by the DASPL and expected business at the inception of the Agreement, the Holding Company had extended the concession period on various dates from July 27, 2020 to March 31, 2022, on the basis of the Cash Reserves available with the DASPL as on March 31, 2022, the DASPL has sufficient cash reserves to meet its obligations for next 12 months period. Accordingly, DASPL financials are prepared on Going Concern basis as on March 31, 2022.

3. Summary of significant accounting policies

a. Use of estimates

The preparation of the consolidated financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the consolidated financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these consolidated financial statements have been disclosed in Note 33. Accounting estimates could change from year to year. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the consolidated financial statements in the year in which changes are made and, if material, their effects are disclosed in the notes to these consolidated financial statements.

b. Current versus Non-Current Classification

The Group presents assets and liabilities in the Balance Sheet based on current/ non-current classification. An asset is treated as current when it is:

a) Expected to be realised or intended to be sold or consumed in normal operating cycle
b) Held primarily for the purpose of trading
c) Expected to be realised within twelve months after the reporting period, or
d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

The Group classifies all other assets as non-current.

A liability is current when:
a) It is expected to be settled in normal operating cycle
b) It is held primarily for the purpose of trading
c) It is due to be settled within twelve months after the reporting period, or
d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.
The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

c. Significant Accounting Judgements:

In case of DAPSPL, it has executed Concession agreement with Holding Company for operating car parking facilities at Indira Gandhi International Airport, New Delhi for a period of 25 years.

Appendix A to Ind AS 115 (“Appendix A”) contains provisions to cover arrangements between Built Operate and Transfer (BOT) referred to as service concession arrangement (“SCA”). An entity is required to make a careful evaluation with regard to applicability of Service concession arrangement (“SCA”) guidance on every BOT arrangement. The applicability of service concession depends whether the grantor controls or regulates what services the operator must provide with the infrastructure, to whom it must provide them, and at what price; and also control the residual interest in the infrastructure.

Post the concession period, the DAPSPL shall handover all the assets to DIAL and the services are open to general public. However, the Management demonstrated that the rates at which services are required to be rendered are not controlled by Holding Company (Grantor) and accordingly concluded that provisions of “SCA” are not applicable.

d. Investments

Investments that are readily realisable and intended to be held for not more than one year from the date on which such investments are made are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired, by the issue of shares or other securities, the acquisition cost is the fair value of the securities issued. If an investment is acquired in exchange for another asset, the acquisition is determined by reference to the fair value of the asset given up or by reference to the fair value of the investment acquired, whichever is more clearly evident.

Current investments are carried in the financial statements at fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments.

On disposal of an investment the difference between its carrying amount and net disposal proceeds is charged or credited to the consolidated statement of profit and loss.

e. Investments in Associates and Joint Ventures

The Group's investments in its associate and joint venture are accounted for using the equity method. Under the equity method, the investment in an associate or a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the associate or joint venture since the acquisition date. Goodwill relating to the associate or joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The consolidated statement of profit and loss reflects the Group's share of the results of operations of the associate or joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and the associate or joint venture are eliminated to the extent of the interest in the associate or joint venture.

If an entity's share of losses of an associate or a joint venture equals or exceeds its interest in the associate or joint venture (which includes any long term interest that, in substance, form part of the Group's net investment in the associate or joint venture), the entity discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture. If the associate or joint venture subsequently reports profits, the entity resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

The aggregate of the Group's share of profit or loss of an associate and a joint venture is shown on the face of the consolidated statement of profit and loss.
The financial statements of the associate or joint venture are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associate or joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate or joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value, and then recognises the loss as 'Share of profit of an associate and a joint venture' in the consolidated statement of profit or loss.

Upon loss of significant influence over the associate or joint control over the joint venture, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in consolidated profit or loss.

f. Property, Plant and Equipment

Property, plant and equipment are stated at historical cost less accumulated depreciation. Historical Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct services, any other costs (net of Cenvat) directly attributable to bringing the assets to its working condition for their intended use.

Assets under installation or under construction as at the balance sheet date are shown as "Capital work-in-progress (CWIP)".Expenditure including finance charges directly relating to construction activity is capitalised.

Capital work in progress includes leasehold improvements under development as at the balance sheet date.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. Further, when each major inspection is performed, its cost is recognised in the carrying amount of the item of property, plant and equipment if the recognition criteria are satisfied. All other repairs and maintenance are charged to profit and loss during the reporting period in which they are incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

Development fee related to an asset, (net of direct amount incurred to earn aforesaid development fee) is deducted from the gross value of the asset concerned in arriving at the carrying amount of the related asset. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation of Property, Plant and Equipment

Depreciation is calculated on a straight line basis using the useful lives prescribed under Schedule II to the Companies Act, 2013 except for assets individually costing less than Rs. 5,000/-, which are fully depreciated in the year of acquisition and certain assets class i.e. Internal Approach Roads, Electric Panels and Transformers/Sub-station, the Holding Company, based on a technical evaluation, believes that the useful life of such assets is different from the useful life specified in Schedule II to Companies Act 2013.

(All amounts in Rupees Crores, except otherwise stated)

The following is a comparison of the useful lives of these assets as adopted by the Holding Company and those prescribed under Schedule II to the Companies Act, 2013:

Type of Assets	Useful life as adopted based on technical evaluation (in years)	Useful life as prescribed in Schedule II to the Companies Act, 2013 (in years)
Roads – Other than RCC	10	5
Transformers/Power Sub-Stations (included in Plant and Machinery)	15	10
Electric Panels (included in Electrical Installations and Equipment)	15	10

The useful life of the assets which are not as per schedule II of the Companies Act 2013, have been estimated by the management based on internal technical evaluation. The Property, plant and equipment acquired under finance lease is depreciated over the asset's useful life; or over the shorter of the asset's useful life and the lease term, if there is no reasonable certainty that the Group will obtain ownership at the end of lease term.

On June 12, 2014, the Airport Economic Regulatory Authority ("the Authority") has issued a consultation paper viz.05/2014-15 in the matter of Normative Approach to Building Blocks in Economic Regulation of Major Airports wherein it, interalia, mentioned that the Authority proposes to lay down, to the extent required, the depreciation rates for airport assets, taking into account the provisions of the useful life of assets given in Schedule II of the Companies Act, 2013, that have not been clearly mentioned in the Schedule II of the Companies Act, 2013 or may have a useful life justifiably different than that indicated in the Companies Act, 2013 in the specific context to the airport sector. Pursuant to above, the Authority has issued order no. 35/2017-18 on January 12, 2018 which is further amended on April 09, 2018, in the matter of Determination of Useful life of Airport Assets, which will be effective from April 01, 2018.

Accordingly, the Holding Company's management is of the view that useful lives considered by the Holding Company for most of the assets except passenger related Furniture and Fixtures are in line with the useful life proposed by AERA in its order dated January 12, 2018, which is further amended on April 09, 2018.

Leasehold Improvements are improvements, betterments, or modifications of leased property which will benefit the Group for the period of more than one year. The amount of leasehold improvements are capitalised and amortised over the period of lease or economic useful life whichever is lower.

Some of the Group companies have been following useful life for their Fixed Assets which are different from the lives published under Schedule II to the Companies Act, 2013 based on the estimation of useful lives done by the respective Management.

Type of Assets	Useful life as adopted by the management of respective entities in the group based on techinical evaluation	Life of Asset As per Sch II of the Companies Act 2013 (in years)
Building	25 or remaining life of the concession period whichever is earlier	30
Plant and machinery	3- 15 or concession period whichever is earlier	15
Electrical Fittings	3-15	10
Office Equipments	3-10	5
Furniture and Fittings	3 – 10	10
Computers (including servers and network)	3 – 6	3-6
Vehicles	5 – 10	8

In case of GBHHPL, with respect to plant and machinery the life of the asset is considered 25 years as prescribed by Central Electricity Regulatory Commission(CERC) being the regulator of energy sector. Leasehold land is amortised from the date of commercial operation in case of power plants.

g. Intangible assets

Identifiable intangible assets are recognised:
a) when the Group controls the asset,
b) it is probable that future economic benefits attributed to the asset will flow to the Group and
c) the cost of the asset can be reliably measured.

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

In case of Holding Company, intangible assets include software, upfront fee paid as airport concessionaire rights and other costs (excluding operation support costs) paid to the Airports Authority of India (AAI) pursuant to the terms and conditions of the OMDA.

In DDFS, license represents right to run and operate duty free shops and represents time value of security deposit amount paid to the Holding Company in accordance with the terms of concession arrangement.

Gain or losses arising from derecognition of other intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the other intangible asset and are recognised in the Consolidated Statement of Profit and Loss when the asset is derecognised.

Subsequent costs is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure on other intangible assets is recognised in the Consolidated Statement of Profit and Loss, as incurred.

Amortisation of Intangible Assets

Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in these consolidated financial statements.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses, if any.

Amortisation is calculated to write off the cost of other intangible assets over their estimated useful lives 1-6 years for software and 5-10 years for Franchise rights fee using the straight-line method. Amortisation is calculated on a pro-rata basis for assets purchased/ disposed during the year.

The Holding Company amortises, upfront fee paid as airport concession rights and other costs paid to AAI referred to above are recognized and amortized over the initial period of 30 years and extended period of OMDA i.e. 60 years. Other intangible assets are amortised over the useful life of asset or six years, whichever is lower.

Service concession arrangements:

CELEBI constructs or upgrades infrastructure (construction or upgrade services) used to provide a public service and operates and maintains that infrastructure (operation services) for a specified period of time. These arrangements may include Infrastructure used in a public-to-private service concession arrangement for its entire useful life.

Under Appendix C to Ind AS 115 – Service Concession Arrangements, these arrangements are accounted for based on the nature of the consideration. The intangible asset model is used to the extent that the Company receives a right (i.e. a concessionaire) to charge users of the public service. The financial asset model is used when the Company has an unconditional contractual right to receive cash or another financial asset from or at the direction of the grantor for the construction services. When the unconditional right to receive cash covers only part of the service, the two models are combined to account separately for each component. If the Company performs more than one service (i.e., construction or upgrade services and operation services) under a single contract or arrangement, consideration received or receivable is allocated by reference to their relative fair values of the services delivered when the amounts are separately identifiable.

CELEBI has entered into Concessionaire Agreement with Holding Company which gives it right to operate, maintain, develop, modernise and manage the existing Cargo Terminal for a period till March 31, 2034 and the new Domestic Terminal at Delhi for a period till March 31, 2021. The concession arrangement is a service concession arrangement under appendix C to Ind AS 115. The CELEBI has a right to charge the users for the services and therefore, the same has been classified under Intangible assets model.

The intangible asset is amortised over the shorter of the estimated period of future economic benefits which the intangible assets are expected to generate or the concession period, from the date they are available for use.

An asset carried under concession arrangements is derecognised on disposal or when no future economic benefits are expected from its future use or disposal.

h. Government Grant and subsidies

Grants and subsidies from the government are recognized when there is reasonable assurance that
(i) the Group will comply / have complied with the conditions attached to them, and
(ii) the grant / subsidy will be received.

When the grant/ subsidy relates to revenue, it is recognized under other income in the Consolidated Statement of Profit and Loss in the period of receipts of such grant/ subsidy, at the amount expected to be realized.

i. Borrowing Cost

Borrowing costs, net of income on investments from surplus fund from specific borrowing, directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of the asset. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed on EIR basis in the period in which they occur.

Borrowing costs consist of interest, premium on call spread option and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

j. Leases

The group assesses a contract at inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee:

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets: The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

The right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

Lease liabilities: At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term.

The lease payments included in the measurement of the lease liability include fixed payments (including in substance fixed payments), variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate.
Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss.

In case of a short term lease contract and lease contracts for which the underlying asset is of low value, lease payments are charged to statement of profit and loss on accrual basis.

Group as a lessor:
Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Income from operating lease is recognised on a straight-line basis over the term of the relevant lease.

Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned. Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfers from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

k. Inventories

Spare parts, stand-by equipment and servicing equipment are recognised in accordance with Ind AS-16 when they meet the definition of Property, Plant and Equipment. Otherwise, such items are classified as inventory. Inventories are valued at the lower of cost and net realizable value. Cost is determined on a weighted average basis and includes other directly associated costs in bringing the inventories to their present location and condition.

However, in respect of TFS , cost of inventories is determined on First in First out (‘FIFO’) basis. The value of inventories in respect of the entity is not significant and as such, has not been aligned with Group accounting policy.

Provision is made for items which are expired/not likely to be consumed and other anticipated losses wherever considered necessary.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

l. Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset’s recoverable amount. An asset’s recoverable amount is the higher of an asset’s or cash generating units’ (CGUs) fair value less cost of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group’s CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the consolidated statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

For assets an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset’s or CGU’s recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset’s recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss.

m. Provisions, Contingent liabilities and Commitments

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the consolidated statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Provision for Decommissioning cost: In Case of TFS, the company records a provision for decommissioning costs of outlets located at Indira Gandhi International Airport, New Delhi. Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of the particular asset. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the decommissioning liability. The unwinding of the discount is expensed as incurred and recognised in the Statement of Profit and Loss as a finance cost. The estimated future costs of decommissioning are reviewed annually and adjusted as appropriate. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset and any short / excess is adjusted from Statement of Profit and Loss.

Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation
- A present obligation arising from past events, when no reliable estimate is possible
- A possible obligation arising from past events, unless the probability of outflow of resources is remote

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets. Provisions, contingent liabilities, contingent assets and commitments are reviewed at each reporting date.
Provisions for onerous contracts are recognized when the expected benefits to be delivered by the Group from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established the Group recognizes any impairment loss on the assets associated with that contract.

n. Contingent assets

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the entity. Contingent assets are recognized when the realisation of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate.

Contingent assets are reviewed at each reporting date. A contingent asset is disclosed where an inflow of economic benefits is probable.

o. Retirement and Other Employee Benefits

Defined benefit plan

Retirement benefit in the form of provident fund is a defined benefit scheme. DIAL contributes its portion of contribution to DIAL Employees Provident Fund Trust ('the Trust'). DIAL has an obligation to make good the shortfall, if any, between the return from the investments of the Trust and the notified interest rate which is determined by actuary and accounted by the DIAL as provident fund cost.

Retirement benefit in the form of Superannuation Fund and Employee State Insurance are defined contribution schemes and the contributions are charged to the consolidated statement of profit and loss of the year when the contributions to the respective funds are due. The Holding Company has no obligation, other than the contribution payable to the respective trusts.

All employee benefits payable/available within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and bonus etc., are recognised in the consolidated statement of profit and loss in the period in which the employee renders the related service.
The Group recognizes contribution payable as expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the reporting date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to a reduction in future payment or a cash refund.

Gratuity Liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Every employee who has completed five years or more of service gets a gratuity on separation at 15 days' salary (based on last drawn basic salary) for each completed year of service.
Gratuity liability in case of the Holding Company and CELEBI is funded through policy taken from Life Insurance Corporation of India.

The Group treats accumulated leave including sick leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences including sick leave are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains / losses are immediately taken to the consolidated statement of profit and loss and are not deferred.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods. Past service costs are recognised in profit or loss on the earlier of:
i) The date of the plan amendment or curtailment, and
ii) The date that the Group recognises related restructuring costs.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognises the following changes in the net defined benefit obligation as an expense in the consolidated statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

p. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

I) Financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient, the Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under Ind AS 115. Refer to the accounting policies in section (w) Revenue from contracts with customers.
In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.
The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three broad categories:

a) Financial assets at amortised cost
b) Financial assets at fair value through profit or loss (FVTPL)
c) Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets at amortised cost: A 'Financial asset' is measured at the amortised cost if both the following conditions are met:
a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in other income in the consolidated statement of profit and loss.. The losses arising from impairment are recognised in the consolidated statement of profit and loss.. This category generally applies to trade and other receivables. For more information on receivables, refer to Note 11.

Financial assets at FVTOCI

A financial asset is measured at the FVTOCI if both of the following criteria are met:
- The asset is held within the business model, whose objective is achieved both by collecting contractual cash flows and selling the financial assets, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI on the principal amount outstanding.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

Financial assets at FVTPL: FVTPL is a residual category for financial assets. Any Financial asset, which does not meet the criteria for categorization as at amortized cost or as at Fair Value through OCI (FVTOCI), is classified as at FVTPL.

In addition, the Group may elect to designate a Financial assets, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Financial assets included within the FVTPL category are measured at fair value with all changes recognized in the consolidated statement of profit and loss.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:
- The rights to receive cash flows from the asset have expired or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

Financial assets measured at amortised cost e.g., deposits, trade receivables and bank balance.

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables or contract revenue receivables.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

As a practical expedient, the Group uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

II. Financial liabilities

i. Initial recognition and measurement

All financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including derivative financial instruments.

ii. Subsequent measurement

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to consolidated statement of profit and loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the consolidated statement of profit and loss. The Group has not designated any financial liability as at fair value through profit and loss.

iii. De-Recognition of Financial liability

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in respective carrying amounts is recognised in consolidated statement of Profit and Loss.

III. Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

q. Loans and borrowings

This is the category most relevant to the Group. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the consolidated statement of profit and loss.

r. Derivative financial instruments and hedge accounting

Initial Recognition and subsequent measurement
The Group uses derivative financial instruments, such as call spread options and interest rate swaps to hedge its foreign currency risks and interest rate risks, respectively.

Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit or loss when the hedge item affects profit or loss.

For the purpose of hedge accounting, hedges are classified as:

a) Fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability or an unrecognised firm commitment;

b) Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognised firm commitment;

c) Hedges of a net investment in a foreign operation.

At the inception of a hedge relationship, the Group formally designates and documents the hedge relationship to which the Group wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Group's risk management objective and strategy for undertaking hedge, the hedging / economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Cash flow hedges that meet the strict criteria for hedge accounting are accounted for as described below:

The effective portion of the gain or loss on the hedging instrument is recognised in OCI in the cash flow hedge reserve, while any ineffective portion is recognised immediately in the consolidated statement of profit and loss.
Amounts recognised as OCI are transferred to profit or loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognised or when a forecast sale occurs.
If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss previously recognised in OCI remains separately in equity until the forecast transaction occurs or the foreign currency firm commitment is met.

Presentation of derivative contracts in the financial statement

Derivative assets and liabilities recognized on the balance sheet are presented as current and non-current based on the classification of the underlying hedged item.

s. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

t. Foreign Currencies

Functional Currency

The Consolidated financial statements are presented in Indian rupees (INR), which is also the Group's functional currency.

Transactions and Translations

Transactions in foreign currencies are initially recorded by the Group at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the Group uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the intial transactions.

In case of DDFS, Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rate at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or statement of profit and loss are also recognized in OCI or profit or loss, respectively).

u. Fair value measurement

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date, available-for-sale equity securities and derivatives at fair value on a recurring basis and other assets when impaired by reference to fair value less costs of disposal. Additionally, the fair value of other financial assets and liabilities require disclosure.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group determines the policies and procedures for recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value.
External valuers are involved for valuation of significant assets or liabilities such as derivative instruments, unquoted financial assets and contingent consideration. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

For impairment testing purposes and where significant assets (such as property) are valued by reference to'fair value less costs of disposal, an external valuation will normally be obtained using professional valuers who have appropriate market knowledge; reputation and independence

At each reporting date, the Group analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Group's accounting policies. For this analysis, the Group verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes as mentioned below.
a) Disclosures for valuation methods, significant estimates and assumptions **(note 38)**
b) Quantitative disclosures of fair value measurement hierarchy **(note 39)**
c) Financial instruments (including those carried at amortised cost)

v. Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Revenue from contract with customer

Revenue from contracts with customers is recognised when control of the services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those services. The Group has generally concluded that it is the principal in its revenue arrangements, because it typically controls the services before transferring them to the customer.

Revenue from Operations

Significant financing component

Generally, the Group receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Group does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised service to the customer and when the customer pays for that service will be one year or less.

The Group also receives long-term advances from customers for rendering services. The transaction price for such contracts are discounted, using the rate that would be reflected in a separate financing transaction between the Group and its customers at contract inception, to take into consideration the significant financing component.

Contract balances

Contract assets
A contract asset is the right to consideration in exchange for services transferred to the customer (which consist of unbilled revenue). If the Group performs by transferring services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade receivables

A receivable represents the Group's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in financial instruments – initial recognition and subsequent measurement.

Contract liabilities

A contract liability is the obligation to transfer services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract.

Income from services
Revenue from airport operations i.e. Aeronautical and Non Aeronautical operations are recognised on accrual basis, net of service tax/Goods and Service Tax (GST), and applicable discounts when services are rendered. Aeronautical operations include user development fees (UDF), Passenger Service Fee (Facilitation Component) [PSF (FC)], Baggage X-ray Charges, Landing and Parking of aircraft and into-plane charges.

The main streams of non –aeronautical revenue includes duty free, retail, advertisement, food & beverages, cargo, ground handling, car parking and land & space- rentals.

Land & Space- rentals pertains to granting right to use land and space primarily for catering to the need of passengers, air traffic services and air transport services.

Revenue from commercial property development rights granted to concessionaires is recognized on accrual basis, as per the terms of the agreement entered into with the customers.

Cargo revenue

Revenue from cargo operations are recognized on accrual basis, net of service tax / Goods and Service Tax (GST) and applicable discounts, when services are rendered. Revenue from cargo operations are recognized at the point of departure for exports and at the point when goods are cleared in case of imports. Revenue from rental contracts are recognized over the period of the contract. The Group collects service tax / GST on behalf of the government and, therefore, it is not an economic benefit flowing to the Group. Hence, it is excluded from revenue

In case of service concession agreements, revenue are recognised in line with the Appendix C to Ind AS 115 – Service Concession Arrangements

Income from the concession arrangements earned under the intangible asset model consists of:
i) fair value of contract revenue, which is deemed to be fair value of consideration transferred to acquire the asset; and
ii) payments actually received from the users.

Revenues and cost of improvements to concession assets

In conformity with appendix C of Ind AS 115, the CELEBI recognizes revenues and the associated costs of improvements to concession assets which it is obligated to perform at the cargo terminal as established by the concession agreement. Revenues represent the value of the exchange between the Celebi and the grantor of concession with respect to the improvements, given that the Celebi constructs or provides improvements to the cargo terminal as obligated under the concession agreement and in exchange, the grantor of concession grants the Celebi the right to obtain benefits for services provided using those assets. The Celebi has determined that its obligations per the concession agreement should be considered to be a revenue earning activity as all expenditures incurred to fulfil the concession provisions are included in the maximum tariff it charges its customers and therefore it recognizes the revenue and expense in statement of profit and loss when the expenditures are performed.

The cost for such additions and improvements to concession assets is based on actual costs incurred by the Celebi in the execution of the additions or improvements, considering the requirements in the concession agreement. The amount of revenues for these services is equal to the amount of costs incurred, as Celebi does not obtain any profit margin for these construction services. The amounts paid are set at market value.

Food & Beverage Operations

a) Sale from outlets

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the customer, which coincides with the point of delivery of the goods to the customer from restaurant delivery outlets.

b) Sale to Corporate Customers

Revenue from the sale of goods is recognised when the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- The Group has transferred to the buyer the significant risks and rewards of ownership of goods;
- The Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Group; and
- The costs incurred or to be incurred in respect of the transaction can be measured reliably.

Mangement Fee

Management fees are recognised on an accrual basis in the accounting period in which the services are rendered and in accordance with the agreement entered into with the food and beverage outlet operator.

Sales Incentive Fees

Sales Incentive fees is recognised on an accrual basis in the accounting period to which it pertains.

Maintenance Contracts

Revenue from maintenance contracts is recognized ratably over the period of the contract using percentage of completion method. When services are performed through an indefinite number of repetitive acts over specified period of time, revenue is recognized on straight-line basis over the specified period unless some other method better represents the stage of completion.

Advertisement & Installation Services

Revenue from developing, operating, maintaining and managing the sites at airport for display of advertisement are recognized on pro-rate basis over the period of display of advertisements.

TIMDAA provides installation services that are either sold separately or bundled together with the sale of display services to the customer. Contracts for bundled sales of installation services are comprised of two performance obligations because the promises to provide display services and provide installation services are capable of being distinct and separately identifiable. Accordingly, the TIMDAA allocates the transaction price based on the relative stand-alone selling prices of the display and installation services.TIMDAA recognizes revenue from installation services at a point of time of billing to the customers.

Bridge Mounted Equipments Operations

Revenue from Operations i.e. Ground Power Unit (GPU), Pre Conditioned Air (PCA) and potable water are recognized on accrual basis when the services are rendered.

Parking Operations

The Group’s revenue is generated from parking services and revenue from these services is recognised as and when the amounts are received from users i.e. recognised as revenue on receipt.
Similarly revenue from airport entry ticket for visitors and from left luggage facilities are recognised as and when cash/money is collected.

Power Plant Income

In case of power generating and trading companies, revenue from energy units sold as per the terms of the PPA (‘Power Purchase Agreement) and Letter Of Intent (‘LOI’) (collectively hereinafter referred to as ‘the PPAs’) is recognised on an accrual basis and includes unbilled revenue accrued up to the end of the accounting year. Revenue from energy units sold on a merchant basis is recognised in accordance with billings made to customers based on the units of energy delivered and the rate agreed with the customers.

The Claims for delayed payment charges and any other claims, which the Group is entitled to under the PPAs, are accounted for in the year of acceptance.

Interest income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable except the interest income received from customers for delayed payments which is accounted on the basis of reasonable certainty / realisation.

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the consolidated statement of profit and loss.

Claims

Claims on contractors / concessionaires are accounted on the basis of reasonable certainty / realization.

Rental income

Space rental has been recognised as per the terms of the contract with the customer.

Branding income

Branding income is recognised on an accrual basis in the accounting period in which the services are rendered and in accordance with the agreement entered into with the parties.

Mutual Fund income

Mutual fund income are recognized based on the fair valuation as on each reporting date for the respective period. Profit/ loss on sale of mutual funds is recognized when the title to mutual funds ceases to exist. On disposal of above, the difference between its carrying amount and net disposal proceeds is charged or credited to the Consolidated Statement of Profit and Loss.

w. Taxes

Tax expense comprises current tax and deferred tax.

Current income tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with Income Tax Act, 1961.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

i) When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
ii) In respect of taxable temporary differences associated with investments in subsidiary, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

i) When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
ii) In respect of deductible temporary differences associated with investments in subsidiary, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The Group recognizes deferred tax liability for all the taxable temporary difference associated with investments in subsidiary, associates, and interests in joint arrangements, except to the extent that both of the following conditions are satisfied:

a) The parent, investor, joint venture or joint operator is able to control the timing of the reversal of the temporary difference; and
b) It is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum Alternate Tax ('MAT') paid in a year is charged to the consolidated statement of profit and loss as current tax. The Group recognises MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Group recognises MAT credit as an asset in accordance with the Guidance Note on 'Accounting for Credit Available in respect of Minimum Alternative Tax' under IT Act, the said asset is created by way of credit to the consolidated statement of profit and loss and shown as 'MAT credit entitlement'. The Group reviews the 'MAT credit entitlement' asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

Taxes, cess, duties such as sales tax/ value added tax/ service tax/goods and service tax etc. paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the amount of taxes paid, except:

- When the tax incurred on a purchase of assets, goods or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable
- When receivables and payables are stated with the amount of tax included

The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

x. Operating segments

The Group has only one reportable operating segment, which is operation of airport and providing allied services. Accordingly, the amounts appearing in the consolidated financial statements relate to the Group's single operating segment.

y. Proposed dividend

As per Ind AS –10, 'Events after the Reporting period', the Group discloses the dividend proposed by board of directors after the balance sheet date in the notes to these consolidated financial statements. The liability to pay dividend is recognised when the declaration of dividend is approved by the shareholders.

z. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

aa. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

3.1 Recent accounting pronouncement issued but not made effective

Amendment to Ind AS 16, Property, Plant and Equipment

The Ministry of Corporate Affairs ("MCA") vide notification dated March 23, 2022, has issued an amendment to Ind AS 16 which specifies that an entity shall deduct from the cost of an item of property, plant and equipment any proceeds received from selling items produced while the entity is preparing the asset for its intended use (for example, the proceeds from selling samples produced when testing a machine to see if it is functioning properly).

Amendment to Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets

The Ministry of Corporate Affairs ("MCA") vide notification dated March 23, 2022, has issued an amendment to Ind AS 37 which specifies that the cost of fulfilling a contract comprises: the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

Amendment to Ind AS 109, Financial Instruments

The Ministry of Corporate Affairs ("MCA") vide notification dated March 23, 2022, has issued an amendment to Ind AS 109 which clarifies that which fees an entity should include when it applies the ‘10%’ test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other’s behalf.

The Group is in the process of evaluating the impact on these consolidated financial statements.

33. Significant accounting judgements, estimates and assumptions

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affects the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

33.1 Judgements

In the process of applying the Group’s accounting policies, management of the Group has made the following judgements, which have the most significant effect on the amounts recognised in the consolidated financial statements.

Discounting rate

The Group has considered incremental borrowing rate of Airport sector as at transition date for measuring deposits, being financial assets and financial liabilities, at amortised cost. From period starting from April 01, 2021, management has considered revised incremental borrowing rate of airport sector for all the deposits given/ received post March 31, 2021 and impact has been duly accounted for in consolidated financial statements.

Consideration of significant financing component in a contract

The Holding Company sells pouring rights at airport for which contract period is for more than one year. The Holding Company concluded that there is a significant financing component for those contracts where the customer elects to pay in advance considering the length of time between the customer’s payment and rendering services, as well as the prevailing interest rates in the market.

In determining the interest to be applied to the amount of consideration, the Holding Company concluded that the interest rate implicit in the contract (i.e., the interest rate that discounts the cash selling price of the equipment to the amount paid in advance) is appropriate because this is commensurate with the rate that would be reflected in a separate financing transaction between the entity and its customer at contract inception.

Non applicability of Service Concession Arrangement (SCA)

The Holding Company had entered into Operation, Management and Development Agreement (‘OMDA’) with Airports Authority of India (‘AAI’), which gives Holding Company an exclusive right to operate, maintain, develop, modernize and manage the Delhi Airport on a revenue sharing model for an initial term of 30 years, which can be extended by another 30 years on satisfaction of certain terms and conditions pursuant to the provisions of the OMDA. Under the agreement, AAI has granted exclusive right and authority to undertake some of the functions of the AAI being the functions of operation, maintenance, development, design, construction, upgradation, modernization, finance and management of the Airport and to perform services and activities at the airport constituting ‘Aeronautical Services’ and ‘Non-Aeronautical Services’. For prices, aeronautical services are regulated, while the regulator has no control over determination of prices for Non-Aeronautical Services. The management of the Holding Company conducted detailed analysis to determine applicability of Appendix D of Ind AS 115 and concluded that the same does not apply to the Holding Company. Holding Company’s concession arrangement has significant non-regulated revenues, which are apparently not ancillary in nature, as these are important from holding Company, AAI and users/passengers perspective. Further, the regulated and non-regulated services are substantially interdependent and cannot be offered in isolation. The airport premise is being used both for providing regulated services (Aeronautical Services) and for providing non-regulated services (Non-aeronautical Services). Accordingly, the management of Holding Company has concluded that SCA does not apply in its entirety to the Holding Company.

Applicability of Service Concession Arrangement (SCA)

Management of CELEBI has assessed applicability of Appendix C to Ind AS 115 – "Service concession arrangements" to Concessionaire agreement entered into by the Company which gives it right to operate, maintain, develop modernise and manage the existing Cargo terminal for a period till March 31, 2034 and the new domestic terminal at Delhi for a period till March 31, 2021. In assessing the applicability, management of CELEBI has exercised significant judgement in relation to the underlying ownership of the assets, terms of the arrangement entered with the grantor, ability to determine prices, fair value of construction service, assessment of right to guaranteed cash etc. Based on detailed evaluation, management of CELEBI has determined that this arrangement meet the criteria for recognition as service concession arrangements.

Annual Fee to AAI

As per the Concession Agreement (OMDA) entered into with AAI in April 2006, the Holding Company is required to pay to AAI annual fee (AF) each year at 45.99% on its projected revenue and same shall be payable in twelve equal monthly instalments (MAF), to be paid in each calendar month. As per Article 1.1 of Chapter I of OMDA, "Revenue" is defined to mean all pre-tax gross revenue of Holding Company with certain specified exclusions.
Management of the Holding Company is of the view that the certain income / credits arising on adoption of Ind-AS was not in contemplation of parties in April 2006 when this Concession Agreement was signed / entered. Further, these income/credits in Statement of Profit and Loss do not represent actual receipts from business operations, from any external sources and therefore, these incomes/ credits should not be treated as "Revenue" for calculation of MAF to AAI. Accordingly, the Holding Company, basis above and Legal Opinion, has provided the monthly annual fee to AAI based on Revenue as per the Ind AS financial statements after adjusting such incomes/credits (refer note 36 I (h), (i) and 44 (h)).

33.2 ESTIMATES AND ASSUMPTIONS

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the standalone financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

Impairment of non-financial assets
Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounting cash flow (DCF) model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated, management of the group considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries.

Further details about gratuity obligations are given in Note 35(c).

Provision for planned maintenance

As part of the CELEBI's contractual obligation to maintain the cargo terminal to a specified level of serviceability, CELEBI has recognised a provision for planned maintenance in their financial statement. In determining the fair value of the provision, assumptions and estimates are made in relation to discount rates, the expected cost to replace the assets, inflation percentage and the expected timing of those costs. CELEBI has calculated the provision using the discounted cash flow (DCF) method based on the following assumptions:

- Discount rate: 7.25- 8.44% p.a.

- Inflation percentage: 4 % p.a.

Provision for Leave encashment

The present value of leave encashment is determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of discount rate, future salary increases, and withdrawal rates. Due to complexities involved in the valuation and its long term nature, provision for leave encashment is sensitive to changes in these assumptions. All assumptions are reviewed at each balance sheet date.

Contingencies

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Group, including legal, contractor and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgement and the use of estimates regarding the outcome of future events.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See Note 38, 39 and 40 for further disclosures.

35. Retirement and other employee Benefit:-

Employee Benefit:-

a) Leave Obligation

The leave obligation cover the Holding Company's liability for earned leave and sick leave. The entire amount of the provision of Rs. 32.92 crore (March 31, 2021: Rs. 29.52 crore) is presented as current in financial statements, since the Holding Company does not have an unconditional right to defer settlement of the obligation.

b) Defined benefit plans

During the year ended March 31, 2022, the Holding Company has recognized Rs. 13.58 crore (March 31, 2021: Rs. 12.93 crore) as an expenses and included in Employee benefits expense as under the following defined contribution plans.

	For the year ended March 31, 2022	For the year ended March 31, 2021

*Net of amount transferred to CWIP and adjustment against Advance from CPD Rs. 0.25 Crore (March 31, 2021: Rs. 0.23 Crore).

The Holding Company makes contribution towards provident fund which is administered by the trustees. The rules of the Holding Company's provident fund administered by a trust, require that if the board of the trustees are unable to pay interest at the rate declared by the government under para 60 of the Employees provident fund scheme, 1972 for the reason that the return on investment is less for any other reason, then the deficiency shall be made good by the Holding Company making interest shortfall a defined benefit plan. Accordingly, the Holding Company has obtained actuarial valuation and based on the below provided assumption there is no cumulative deficiency at the balance sheet date. Hence, the liability is restricted towards monthly contributions only.

The latest Board of trustee meeting was held on March 31, 2022 wherein Trustees were informed that trust will be surrendered with effect from April 1, 2022.

As per the requirement of Ind AS 19, Employee Benefits of the Institute of Chartered Accountants of India, benefits involving employer established provident funds, which require interest shortfalls to be re-compensated, are to be considered as defined benefit plans. Based on the actuarial valuation and on the assumptions provided below there is no cumulative short-fall which has been provided in the consolidated financial statements.

(i)	In respect of Income tax matters *	**64.29**	64.29
(ii)	In respect of Indirect tax matters [refer note (e), (f) & (g) below and other matters*]	**190.42**	190.42

(iv)	In respect of Annual fee payable to AAI [refer note (h) & (i) below]		

*pertaining to various cases not included below

a) During the year ended March 31, 2017, the Delhi Cantonment Board (DCB) had raised provisional invoice demanding property tax of Rs.9.01 crore in respect of vacant land at IGI Airport for the Financial Year 2016-17. However, based on same computation method as used for payment of property tax to South Delhi Municipal Corporation (SDMC), the Holding Company has made payment towards property tax for financial year 2016-17 to FY 2021-22 along with request to DCB to withdraw its demand. DCB has raised provisional invoice on April 29, 2019 and Notice of demand dated November 1, 2019 demanding property tax of Rs. 10.73 crore for the FY 2019-20 along with arrears of Rs. 28.78 crore. Accordingly, the Holding Company has disclosed remaining amount of Rs. 38.41 crore in respect of FY 2016-17 to FY 2019-20 as contingent liability.

The Holding Company has obtained a legal opinion; wherein it has been opined that liability w.r.t. earlier years cannot be ruled out. As DCB has not raised any demand for earlier years, and the Holding Company has submitted its application for adopting the same computation method as considered by SDMC, while arriving at the demand for the financial year 2016-17, the amount of liability for earlier years is unascertainable, and therefore no provision has been considered.

The Holding Company filed a writ petition before the Hon'ble Delhi High court against DCB to set aside the impugned demand notices. The Hon'ble Delhi High court heard the matter on December 2, 2019 and directed to be keep in abeyance the impugned demand notices and directed DCB to grant a detailed hearing to the Holding Company, upon Holding Company's filing a representation before the DCB, subject to deposit a sum of Rs. 8.00 crores. In compliance of High Court order, the Holding Company had deposited a sum of Rs. 8.00 crores under protest on December 20, 2019.

However, despite many representations made by the Holding Company and ignoring all contentions of the Holding Company, DCB had passed an assessment order dated June 15, 2020 levying the property tax of Rs. 867.21 crores per annum against its earlier assessment of tax of Rs. 9.13 crores per annum and raised the total demand of Rs. 2,601.63 crores for three years i.e. 2016-17 to 2018-19 and the Holding Company has been directed to pay Rs. 2,589.11 crores after making due adjustments of amount already deposited. As the order is in violation of the earlier order dated December 2, 2019 passed by the Delhi High Court, also is in breach of the provisions of the Cantonments Act. Accordingly, the Holding Company filed a Writ Petition on July 20, 2020 before the High Court of Delhi challenging the assessment order dated June 15, 2020. The writ petition was heard on various dates in which Honourable Delhi High Court directed DCB not to take any coercive action against the Holding Company till next hearing. Pending writ petition, DCB had assessed additional demand of property tax for Rs. 1733.32 crore for the FY 2019-20 and FY 2020-21 after considering amount paid by the Holding Company , the Holding Company had filed its additional affidavit for consideration for FY 2019-2020 and FY 2020-2021 in present writ petition. The matter is listed for completion of pleadings before registrar on August 16, 2022 and before court on September 06, 2022.

b) The Ministry of Civil Aviation (MoCA) issued a Circular dated January 8, 2010 giving fresh guidelines regarding the expenditure which could be met out of the PSF (SC) and subsequently clarified by MoCA vide order dated April 16, 2010. Based on the said circular, the Holding Company is not debiting such security expenditure to PSF (SC) escrow account. Further, vide circular dated May 17, 2012, it was further directed that any such expenditure already debited was required to be credited back to PSF(SC) account. However, security expenditure amounting to Rs. 24.48 crore was already incurred prior to April 16, 2010 and was debited to PSF (SC) account.

The Holding Company had challenged the said circulars issued by MoCA before the Hon'ble High Court of Delhi by way of a Writ Petition. The Hon'ble Court, vide its order dated December 21, 2012, had restrained MoCA from taking any coercive measures in the form of initiation of criminal proceedings against the Holding Company and the matter is now listed on September 12, 2022.

Based on an internal assessment and aforesaid order of the Hon'ble High Court of Delhi, the management is confident that no liability in this regard would be payable and as such no provision has been made in these consolidated financial statements.

c) MoCA had issued orders in the past requiring the Holding Company to reverse the expenditure incurred, towards procurement and maintenance of security systems/equipment and on creation of fixed assets out of PSF (SC) escrow account opened and maintained by the Holding Company in a fiduciary capacity. In the opinion of the management of the Holding Company, the Holding Company had incurred Rs. 297.25 crore towards capital expenditure (excluding related maintenance expense and interest thereon) till the date of order out of PSF (SC) escrow account as per Standard Operating Procedure (SOPs), guidelines and clarification issued by MoCA from time to time on the subject of utilization of PSF (SC) funds and as such had challenged the said order before Hon'ble High court of Delhi.

MoCA in its order had stated that approximate amount of reversal to be made by the Holding Company towards capital expenditure and interest thereon amounting to Rs. 295.58 crores and Rs. 368.19 crores respectively, subject to the order of the Hon'ble High court of Delhi. The Hon'ble High Court of Delhi, vide its order dated March 14, 2014, stayed recovery of amount already utilized by the Holding Company from PSF (SC) Escrow Account till date. The matter is now listed for hearing on January 7, 2023.

Based on an internal assessment, the management of the Holding Company is of the view that no adjustments are required to be made in these consolidated financial statements.

However, pursuant to AERA order No. 30/ 2018-19 dated November 19, 2018 with respect to Holding Company's entitlement to collect X-ray baggage charges from airlines, the Holding Company has remitted Rs. 119.66 crore to PSF (SC) for transfer of screening assets from PSF (SC) to the Holding Company with an undertaking to MoCA by the Holding Company that in case the matter pending before the Hon'ble High Court is decided in the Holding Company's favour, the Holding Company will not claim this amount back from MoCA.

d) The Holding Company was entitled to custom duty credit scrip under Served from India Scheme (SFIS) of Foreign Trade Policy issued by Government of India. Under the terms of SFIS, service providers are entitled to custom duty credit scrip as a percentage of foreign exchange earned by the Holding Company that can be utilized for payment of import duty. Till March 31, 2014, the Holding Company had cumulatively utilized custom duty credit scrip amounting to Rs. 89.60 crore, in lieu of payment of import duty in respect of import of fixed assets (including capital work in progress) and accounted the same as grant as per para 15 of erstwhile Accounting Standard 12 and adjusted the same against certain expenditure which in its view are related to obtaining such custom duty credit scrip entitlements. basis the opinion of the Expert Advisory Committee ('EAC') of the Institute of Chartered Accountants of India.

However, Airport Authority of India ('AAI') has expressed different view on this and argued that amount utilized under SFIS should be treated as revenue and accordingly annual fee on amount of Rs 89.60 crore is payable to AAI.

The Holding Company had filed a writ petition against the AAI's letter in Hon'ble High Court of Delhi on July 10, 2015 disputing the demand and prayed for quashing of demand by AAI. Hon'ble High Court has granted the interim relief and disposed the writ petition with a direction to Holding Company to seek remedy under the provisions of Arbitration law.

The matter was contested in arbitration before Arbitral Tribunal and arbitration award was pronounced in favour of the Holding Company on December 27, 2018, mentioning that the income earned by way of SFIS Scrip does not fall under the definition of Revenue as per OMDA as it is not related with any Aeronautical or Non-Aeronautical activities and it is of the nature of capital receipt. Accordingly, no annual fee is payable to AAI by the Holding Company on SFIS revenue and demand of AAI for annual fee stands rejected. However, AAI has filed an appeal challenging the order of Arbitral Tribunal before the High Court of Delhi on April 25, 2019 for setting aside the arbitration award dated December 27, 2018. The matter is now listed on July 07, 2022.

e) The Director General of Central Excise Intelligence, New Delhi had issued a Show Cause Notice F. NO. 574/CE/41/2014/Inv./PT.II/11327 dated October 10, 2014 on the Holding Company, proposing a demand of service tax of Rs. 59.91 crore (excluding interest and penalty) considering Advance Development Costs ('ADC') collected by Company from the Commercial Property Developers under the service tax category 'Renting of Immovable Property'.

The Holding Company has replied to the show cause notice as referred to above with appropriate authority on April 17, 2015. Subsequently, Additional DG (Adj.), DGCEI has passed Order No. 10/2016-ST dated May 02, 2016 confirming demand of service tax of Rs. 54.31 crore and imposed equivalent penalty. However, based on an internal assessment by the Holding Company in this regard, the Management is of the view that service tax is not leviable on ADC, as these are collected for development of certain infrastructure facilities for the common use and not for the exclusive use of any developer. Service tax liability on ADC, if any arises, shall be adjusted from ADC amount collected by Holding Company from the Commercial Property Developers.

The Holding Company has filed appeal before CESTAT, New Delhi on August 02, 2016 against the order dated May 02, 2016. The matter was concluded and decided vide order dated February 8, 2019 in favour of the Holding Company setting aside the order of the DG (Adj.) raising a demand of service tax of Rs. 54.31 crore.

The department has filed SLP before Supreme Court, against the Order dated February 8, 2019 passed in favour of the Holding Company. The Holding Company has filed counter affidavit on September 9, 2020 and the matter is yet to heard.

Accordingly, the amount of Rs.54.31 crore disclosed as contingent liability as at March 31, 2022. Further, the management of the Holding Company is of the view that no adjustments are required to be made to these consolidated financial statements.

f) The Commissioner of Service Tax, New Delhi had issued Six Show Cause Notices (SCN) and one addendum to SCN on the Holding Company, proposing a demand of service tax aggregating to Rs. 275.53 crore (excluding interest and penalty) on the collection of Development Fee (“DF”) from passengers in airport for the period from March, 2009 to September, 2013. Out of total demand of service tax of Rs 275.53 crore, service tax amounting to Rs 130.17 crore has already been paid by the Holding Company under protest. The Holding Company replied to the show cause notice referred to above with appropriate authority and the issue was heard on merits on February 17, 2016. Subsequently, the Commissioner of Service Tax, has passed Order No. C.No.D III/ST/IV/16/Hqrs/Adjn/DIAL/153/2015/1862-ST dated July 12, 2016 confirming the demand of service tax of Rs. 262.06 crore (after giving cum duty effect) and out of the said demand has appropriated amount of Rs 130.17 crore already deposited by Company under protest towards service tax, and further imposed a penalty of Rs 131.89 crore in respect of this matter.

However, based on an internal assessment by the Holding Company in this regard, the management is of the view that service tax is not leviable on DF, as the DF is a statutory levy and is meant to bridge financing gap funding for the airport project. The collection of DF from passengers is not in lieu of provision of any service to them. Further, there is no service provider and service recipient relationship between the Holding Company and the passengers paying DF. Service tax liability, if any arises on DF, shall be decided by AERA, keeping in view the final pronouncement of the matter.

The Holding Company had filed an appeal against the order before CESTAT, New Delhi on October 10, 2016. The matter was concluded in final hearing held on December 04, 2018 and the decision is pronounced on January 18, 2019 in favour of the Holding Company setting aside the order of the Commissioner levying service tax on ADF and penalty amounting to Rs. 262.06 crore. The department has filed SLP before Supreme Court, against the Order dated January 18, 2019 passed by CESTAT in favour of the Holding Company. The Holding Company has filed counter affidavit on August 14, 2020 the last date tentatively fixed was March 28, 2022 but matter did not come up for hearing and next date tentatively fixed in the matter is July 11, 2022.

Accordingly, the amount of Rs.131.89 crore has been disclosed as contingent liability as at March 31, 2022. Further, the management of the Holding Company is of the view that no adjustments are required to be made to these consolidated financial statements.

g) In certain matters before Hon’ble Delhi High Court or Hon’ble Supreme Court yet to be decided, wherein Holding Company has been made respondent and the petitions filed by the UOI, others/concessionaires which are relating to the applicability of service tax (under pre-GST regime) on services provided by the Holding Company and the issues under consideration are related to licensing of space in Airport, Service tax on supply of electricity, running of duty free shops to be regarded as Airport Services. The Holding Company initially charged service tax against the services provided, however levy and the applicability was contested by the such parties and accordingly they filed petitions before judicial authorities making the Holding

Company as a party/respondent in the matters. The management is of the view that these matters will not result in any additional obligation on the Holding Company in case of adverse decisions and in case of any demand or liability arising on account of adjudication of the issues, the same are recoverable from the service recipients.

h) The Holding Company issued various communications to AAI from month of March 2020 onwards inter-alia under Article 16 (Force Majeure) and informed AAI that consequent to outbreak of Covid-19 pandemic, the entire aviation industry, particularly the IGI Airport has been adversely affected. It was specifically communicated that the said crisis has materially and adversely affected the business of the Holding Company which in turn has directly impacted the performance of the Holding Company's obligations under the OMDA (including obligation to pay Annual Fee/Monthly Annual Fee) while the Holding Company is continuing to perform its obligation to operate, maintain and manage the IGI Airport. The Holding Company thereby invoked Force Majeure post outbreak of COVID-19 "A Pandemic" as provided under Article 16 of OMDA and claimed that it would not be in a position to perform its obligation to prepare Business Plan and pay Annual Fee/ Monthly Annual fee to AAI. The said event(s) of Force Majeure had also been admitted by AAI in its communication to the Holding Company. Consequently, the Holding Company is entitled to suspend or excuse the performance of its said obligations to pay Annual Fee/Monthly Annual Fee as notified to AAI. However, AAI has not agreed to such entitlement of the Holding Company under OMDA. This has resulted in dispute between the Holding Company and AAI and for the settlement of which, the Holding Company has invoked on September 18, 2020 dispute resolution mechanism in terms of Article 15 of OMDA. Further, on December 02, 2020, the Holding Company again requested to AAI to direct the Escrow Bank to not to transfer the amounts from Proceeds Accounts to AAI Fee Account, seeking similar treatment as granted by Hon'ble High Court of Delhi to Mumbai International Airport Ltd.

In the absence of response from AAI, the Holding Company approached Delhi High Court seeking certain interim reliefs by filing a petition u/s 9 of Arbitration & Conciliation Act on December 5, 2020 due to the occurrence of Force Majeure event post outbreak of COVID 19 and its consequential impact on business of the Holding Company, against AAI and ICICI Bank (Escrow Bank). The Hon'ble High Court of Delhi vide its order dated January 5, 2021 has granted ad-interim reliefs with following directions:

- The ICICI Bank is directed to transfer back, into the Proceeds Account, any amount which may have been transferred from the Proceeds Account to the AAI Fee Account, after December 9, 2020,
- Transfer of moneys from the Proceeds Account to the AAI Fee Account, pending further orders, shall stand stayed and the Holding Company can use money in Proceeds Account to meet its operational expenses.

Meanwhile with the nomination of arbitrators by the Holding Company and AAI and appointment of presiding arbitrator, the arbitration tribunal has been constituted on January 13, 2021. The pleadings in the matter are complete and both the parties have to filed the witness affidavits and next hearings of arbitration tribunal is fixed in May 2022.

Before the Holding Company's above referred Section 9 petition could be finally disposed off, AAI has preferred an appeal against the ad-interim order dated January 5, 2021 under section 37 of the Arbitration and Conciliation Act, 1996 before division bench of Delhi High Court, which is listed for consideration and arguments.

In compliance with the ad-interim order dated January 5 2021, AAI has not issued any certificate or instructions to the Escrow Bank from December 09, 2020 onwards regarding the amount of AAI Fee payable by the Holding Company to AAI, as contemplated under the Escrow Agreement and the OMDA. Resultantly both pursuant to the ad-interim order of Hon'ble Delhi High Court and in the absence of any certificate or instruction from AAI, the Escrow Bank has not transferred any amount pertaining to AAI Fee from Proceeds Account to AAI Fee Account of the Escrow Account from December 09, 2020 onwards.

Basis the legal opinion obtained, the the Holding Company is entitled to not to pay the Monthly Annual fee under article 11.1.2 of OMDA to AAI being an obligation it is not in a position to perform or render on account of occurrence of Force Majeure Event, in terms of the provisions of Article 16.1 of OMDA till such time the Holding Company achieves level of activity prevailing before occurrence of Force majeure. Further, the Holding Company has also sought relief for refund of MAF of an amount of Rs. 465.77 crore appropriated by AAI for the period starting from March 19, 2020 till December 2020.

In view of the above, the management of the Holding Company has decided to continue to not to provide the Monthly Annual Fee to AAI for the year ended March 31, 2022 amounting to Rs. 989.59 crores in addition to Rs. 768.69 crores for the year ended March 31, 2021.

As AAI had already appropriated the Monthly Annual Fee amounting to Rs. 446.21 crores from April 01, 2020 till December 09, 2020, which the company had already protested. Accordingly, the same had been shown as Advance to AAI paid under protest. However, since the recovery of this amount is sub-judice before the Hon'ble Delhi High Court and the arbitral tribunal, as a matter of prudence, the Holding Company had decided to create a provision against above advance and shown the same in other expenses for the year ended March 31. 2021.

Recently, as an interim arrangement the Parties (the Holding Company and AAI) by mutual consent and without prejudice to their rights and contentions in the dispute before the arbitrator, have entered into a Settlement Agreement (hereinafter "Agreement") dated April 25, 2022, for the payment of Annual Fee/ Monthly Annual Fee (AF/ MAF) with effect from April 2022, prospectively.

Consequent to this interim arrangement, both the Holding Company and AAI have filed copy of the Agreement in their respective petition and appeal before Hon'ble Delhi High Court and have withdrawn the pending proceedings. This arrangement is entirely without prejudice to the rights and contentions of the parties in respect of their respective claims and counter claims in the pending arbitration proceedings, including the disputes in respect of payment/non-payment of MAF from March 19, 2020 onwards, till such time as provided in Article 16.1.5 (c) of OMDA.

i) The Government of India announced Services Export from India Scheme (SEIS) under Foreign Trade Policy (FTP) 2015-20 under which the service provider of notified services is entitled to Duty Credit Scrips as a percentage of net foreign exchange (NFE) earned. These Scrips either can be used for payment of basic custom duty on imports or can be transferred/traded in the market

The Holding Company is of the view that the Scrips received under SEIS are in nature of Government Grant and is similar to the Scrips received earlier under Served from India Scheme (SFIS) of Foreign Trade Policy 2010-15. Hence, in view of the Arbitral Order dated December 27, 2018 in case of SFIS Scrip, the Income from SEIS Scrip is out of the purview of revenue definition as per OMDA. Accordingly, management believes that, no Annual Fee is payable as per the provisions of OMDA, and has not been provided in these consolidated financial statements.

However, Revenue Auditor appointed by AAI have considered the same as Revenue under OMDA and accordingly, AAI has asked us to pay revenue share on this revenue and withheld the amount of Rs. 43.21 crores from excess MAF payment in FY 2019-20.

The Holding Company had shown the amount of Rs. 43.21 crore as part of advances recoverable from AAI and continuously followed up with AAI for adjustment/ refund of the same. However, despite several follow up AAI had not refunded/ adjusted the same in past 2 years.

Accordingly, pending the settlement of High Court on similar matter related to SFIS scrips (on which arbitration award was in the Holding Company's favour), and considering the delay and non-action on part of AAI to refund the said amount, as a matter of prudence, the Holding Company has decided to provide the amount of Rs. 43.21 crores in the statement of profit & loss as Provision against Advance recoverable from AAI.

II. Financial guarantees- The Holding Company has not provided any financial guarantee other than performance guarantee on its own behalf, to any party.

Performance guarantees given by the Holding Company on its own behalf are not considered as contingent liability.

III. Capital and Other Commitments:

A) CAPITAL COMMITMENTS:

The Holding Company has estimated amount of contracts remaining to be executed on capital account not provided for Rs. 3,183.21 crore (excluding GST) [Net of advances of Rs. 519.10 crore (excluding GST)] at March 31, 2022 and Rs. 5,148.34 crore (excluding GST) [net of advances of Rs. 681.38 crore (excluding GST)] at March 31, 2021.

B) OTHER COMMITMENTS:

i. As per the terms of OMDA, the Holding Company is required to pay annual fees to AAI at 45.99% of the revenue (as defined in OMDA) of the Holding Company for an initial term of 30 years starting from May 2006 and which can be extended by another 30 years on satisfaction of certain terms and conditions pursuant to the provisions of OMDA. [Refer note 36(I)(h) & (i)].

ii. In In respect of its equity investment in East Delhi Waste Processing Company Limited, the Holding Company along with SELCO International Limited has to maintain minimum 51% shareholding for a period of 2 years from the commissioning of the project and equity shareholding of DIAL & SELCO shall not be less than 26% for 10 years thereafter. The project has been commissioned with effect from April 28, 2017.

viii. In respect of its equity investment in GMR Bajoli Holi Hydropower Private Limited (‘Bajoli Holi’), the Holding Company has to maintain minimum 17.33% of equity shareholding until the expiry of or early termination of power purchase agreement dated September 11, 2017 entered between the Holding Company and the Bajoli Holi Hydropower Private Limited, expiring on May 03, 2036. The Holding Company had invested Rs. 108.33 crore as equity share capital. Due to inordinate delay in commencement of operation in GMR Bajoli Holi Hydropower Private Limited and basis the valuation report of the external valuer as at March 31, 2022, the Holding Company has created a provision for diminution in its investment in GMR Bajoli Holi Private Limited for Rs. 51.60 crores.

ix. The Holding Company had invested in DIGI Yatra foundation, a Special Purpose Vehicle (SPV) formed as central platform to identity management of passengers, as Joint Venture (JV) of private airport operators and AAI under Section 8 of the Companies Act, 2013 (Not for Profit Organization). Further, it had been decided by AAI that initially for incorporation AAI, DIAL and Bangalore

International Airport Limited (BIAL) will form this company with shareholding of 26:37:37 respectively. Currently, DIGI Yatra foundation is having paid up capital of Rs. 10,000 and DIAL has invested Rs. 2,220 only (March 31, 2021 : Rs. 2,220). In future, 26% of equity share of Digi Yatra Foundation will be held by AAI and remaining 74% will be equally divided amongst the Private Airport Operators viz. BIAL, Cochin International Airport Limited, DIAL, GMR Hyderabad International Airport Limited (GHIAL), Mumbai International Airport Limited (MIAL) i.e. 14.8% each.

37. Segment Information

The Holding Company has only one reportable business segment, which is operation of airport and providing allied services and operates in a single business segment. Accordingly, the amounts appearing in the financial statements relate to the Holding Company's single business segment.

Major customers: There is no major customer of the Holding Company exceeding 10% of the total revenue in current year (March 31, 2021: Revenue from one customer of the Holding Company was approximately Rs. 271.76 crore of the Holding Company's total revenues).

38. Fair Values

The carrying amount of all financial assets and liabilities (except for certain other financial assets and liabilities, i.e. "Instruments carried at fair value") appearing in these consolidated financial statements is reasonable approximation of fair values. Such investments carried at fair value are disclosed below:

Particulars	**Carrying value**		**Fair value**

Total	**836.71**	642.27	**861.75**	654.85

Assumption used in estimating the fair values:

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumption were used to estimate the fair values:

The Holding Company enters into derivative financial instruments with various counterparties, principally financial institutions with investment grade credit ratings. Derivatives are valued using valuation techniques, which employs the use of market observable inputs. The most frequently applied valuation techniques include forward pricing and swap models, using present value calculations. The models incorporate various inputs including the credit quality of counterparties, foreign exchange spot and forward rates, yield curves of the respective currencies, currency basis spreads between the respective currencies, interest rate curves and forward rate curves of the underlying commodity. As at March 31, 2022, the marked-to-market value of derivative asset positions is net of a credit valuation adjustment attributable to derivative counterparty default risk.

(All amounts in Rupees Crores, except otherwise stated)

40. Risk Management

Financial risk management objectives and policies

The Holding Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, security deposits and trade and other payables. The main purpose of these financial liabilities is to finance the Holding Company's operations and to provide guarantees to support its operations. The Holding Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations. The Holding Company also enters into derivative transactions.

The Holding Company is exposed to market risk, credit risk and liquidity risk. The Holding Company's senior management oversees the management of these risks. The Holding Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Holding Company's policies and risk objectives. All derivative activities for risk management purposes are carried out by senior management team that have the appropriate skills, experience and supervision. It is the Holding Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of interest rate risk and currency risk. Financial instruments affected by market risk include loans and borrowings, deposits and derivative financial instruments.

The sensitivity analysis in the following sections relate to the position as at March 31, 2022 and March 31, 2021:

The sensitivity analysis have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies are all constant and on the basis of hedge designations in place at March 31, 2022.

The analysis exclude the impact of movements in market variables on the carrying values of gratuity and other post-retirement obligations, provisions, and the non-financial assets and liabilities of foreign operations. The analysis for the contingent consideration liability is provided in Note 36 (I).

The following assumptions have been made in calculating the sensitivity analysis:

- The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2022 and March 31, 2021.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Holding Company is not exposed to risk of changes in market interest rates as the borrowings of the Holding Company are at fixed rate of interest.

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Holding Company's exposure to the risk of changes in foreign exchange rates relates primarily to the foreign currency borrowings taken from banks. However, the Holding Company has hedged its borrowing through call spread option.

Cash flow hedges

Foreign exchange call spread options measured at fair value through OCI are designated as hedging instruments in cash flow hedges to hedge the USD INR conversion rate volatility with reference to the cash outflows on settlement of its borrowings designated in USD.

The fair value of foreign exchange call spread option varies with the changes in foreign exchange rates and repayment of future premium.

Particulars	**March 31, 2022**		March 31, 2021	
	Assets	**Liabilities**	Assets	Liabilities
Cash flow hedges-Call spread option	**723.01**	-	872.41	-

As at March 31, 2022 the USD spot rate is above the USD call option strike price for all call spread options of USD 1,022.26 million. Accordingly, an amount of Rs. 304.84 crore of foreign exchange loss has been transferred to Cash flow hedge reserve from statement of profit and loss to neutralize the impact of Foreign exchange loss included in consolidated statement of profit and loss. Further, net loss of Rs 1.05 crores has been reclassified to consolidated statement of profit and loss on settlement of USD 288.75 million call spread option.

As at March 31, 2021, the USD spot rate is above the USD call option strike price for all call spread options of USD 1311.35 million. Accordingly, an amount of Rs. 335.94 crore of foreign exchange gain has been transferred to Cash flow hedge reserve from statement of profit and loss to neutralize the impact of Foreign exchange gain included in consolidated statement of profit and loss.

Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in foreign currency exchange rates, with all other variables held constant. The impact on the Holding Company's profit/ (loss) before tax is due to changes in the fair value of liabilities including non-designated foreign currency derivatives. The impact on the Holding Company's pre-tax equity is due to changes in the fair value of forward exchange contracts designated as cash flow hedges and Interest rate swap. The Holding Company's exposure to foreign currency changes for all other currencies is not material.

Liquidity risk

The Holding Company monitors its risk of a shortage of funds on a regular basis. The Holding Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, bank loans and finance leases. Rs. 22 crore of the Holding Company's debt will mature in less than one year at March 31, 2022 (March 31, 2021: Rs. 2,111.05) based on the carrying value of borrowings reflected in the financial statements. The Holding Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low.

The table below summarizes the maturity profile of the Holding Company's financial liabilities based on contractual undiscounted payments:

Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Holding Company is exposed to credit risk from its operating activities (primarily trade receivables and other financial assets) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Trade receivables- Customer credit risk is managed by the Holding Company subject to the Holding Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored and any services to major customers are generally covered by bank guarantee or other forms of credit assurance.

Financial instruments and cash deposits- Credit risk from balances with banks and financial institutions is managed by the Holding Company's treasury department in accordance with the Holding Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counter party. Counterparty credit limits are reviewed by the Holding Company's senior management on regular basis, and may be updated throughout the year. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

The Holding Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2022 and March 31, 2021 is the carrying amounts of Trade Receivables.

Collateral

41. Capital management

For the purpose of the Holding Company capital management, capital includes issued equity capital, and all other equity reserves attributable to the equity holders of the Holding Company. The primary objective of the Holding Company capital management is to maximise the shareholder value.

The Holding Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Holding Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Holding Company monitors capital using a gearing ratio, which is total debt divided by total equity plus total net debt. The Holding Company policy is to keep the gearing ratio below 80%, which is reviewed at end of each financial year.

2) Commitments and Contingencies of associates

I. Contingent Liabilities

TIMDAA:-

a) **Claims made against the TIMDAA not acknowledged as debts**
TIMDAA had received demand notice dated February 5, 2021 from South Delhi Municipal Corporation ('SDMC') in relation to property tax for the year 2010-11 onwards in respect of hoardings erected on different locations in the SDMC Area, on the basis of the order passed by Delhi High Court in its judgement dated October 22, 2020 in WP(c) 8118 of 2012 titled Delhi International Airport Limited vs SDMC. TIMDAA is evaluating the applicability of property tax on outdoor sites and had sought legal opinion on certainty of the claims with SDMC. Based on the legal opinion and internal assessment, the Company considers the claim is untenable and has not recognised any liability against the notice. The Company has also responded to the said notice of SDMC on February 16, 2021 and further on October 18, 2021.

CELEBI:-

b) **Claims made against the CELEBI not acknowledged as debts**

As on March 31, 2022, CELEBI has Rs 0.87 crores (as on March 31, 2021: Rs 0.87 crores) of claims not acknowledged as debts from third parties excluding certain claims from the employees of the Company where the amount is not ascertained.

c) **Income Tax cases**

Particulars	March 31, 2022	March 31, 2021
AY 2011-12	13.65	13.65
AY 2012-13	2.12	2.12

Note: CELEBI received favourable judgement from ITAT, however Income tax department has challenged ITAT judgement and moved to Hon'ble High court for both the above cases. The uncertainties related to amount and timing of outflow is depended upon the judgement of Hon'ble High Court. Management of CELEBI believes that CELEBI has strong chances of success in the above mentioned cases and hence no provision is considered necessary at this point in time as the likelihood of liability devolving on CELEBI is less than probable.

During the current year March 31, 2022, CELEBI has received a refund of Rs. 6.53 crores including interest of Rs. 0.98 crore pertaining to assessment year 2017-18. In view of the matters relating to admissibility of deductions under section 80-IA, etc. under litigation, on prudence pending final outcome of the litigation, CELEBI has accounted Rs. 1 crore out of the aforesaid refund as a liability and included the same as current tax liabilities (net) in CELEBI's balance sheet.

Further, during the previous year ended March 31, 2021, CELEBI had received a refund of Rs. 14.97 crores including interest of Rs. 1.11 crore pertaining to assessment year 2019-20 under section 143 (1). In view of the matters relating to admissibility of deductions under section 80-IA, etc. under litigation, on prudence pending final outcome of the litigation, CELEBI has accounted the aforesaid refund as a liability and included the same as current tax liabilities (net) in the CELEBI's balance sheet.

d) **PF matter**

The Hon'ble Supreme Court of India vide its judgement dated February 28, 2019 and subsequent review petition has ruled in respect of compensation for the purpose of Provident Fund contribution under the Employee's Provident Fund Act, 1952.

There is significant uncertainty as to how the liability, if any, should be calculated for the period up to February 28, 2019 as it is impacted by multiple variables, including the period of assessment, the application with respect to certain current and former employees and whether the interest and penalties may be assessed. The Management of CELEBI have determined that on account of the practicality of application of the judgement, CELEBI would not be in a position to determine the liability as of now, CELEBI is of the opinion that the amount cannot be reasonably estimated.

CELEBI has started complying with the above judgement prospectively.

TFS:-

e) The claims of Rs 0.79 crore (March 31, 2021: Rs. 1.39 crore) have been made by a few capital vendors in relation to work carried out by them during the earlier years for construction of food outlets at the Airport. TFS has disputed these claims in the past. TFS is either in legal proceedings or in arbitration proceedings with the vendors in respect of these claims. However, based on technical assessment supported by the legal confirmation, TFS has assessed the amount payable to these vendors. Accordingly, TFS has recorded a payable of Rs. 0.92 crores (March 31, 2021: Rs. 0.95 crores) in their financial statements under the head Payable for property, plant & equipment classified under "Other current Financials Liabilities". For the balance amount of claims, TFS, based on legal advice, is confident that the extent of claims made by the vendor is not sustainable and therefore untenable.

f) TFS received a Sales tax/ VAT demand including interest thereon on account of disallowance of input tax credit of Rs 0.04 crore (March 31, 2021: Rs. 0.04 crore) from sales tax/VAT authorities.

g) TFS received an income tax notice for assessment year 2017-18 mainly on account of disallowances of royalty expenses by the Income Tax department of Rs 0.06 crore (March 31, 2021: Rs. 0.06 crore). The matter is pending in appeal with Commissioners of Income Tax (Appeals).

DAPSPL:-

h) In respect of DAPSPL, Penalty for compounding under section 177 and 178 of the Companies Act, 2013 has been levied on DAPSPL amounting to Rs. 0.10 crores (March 31, 2021 : Rs. 0.10 crore).

i) In respect of DAPSPL, during the year appeal is filed against order under section 143(1) of Income tax Act 1961, the amount involved in Rs. 0.49 crores.

j) In respect of DAPSPL , Central Excise and CGST- a matter of recovery of Service Tax against non payment of Service tax for recovery of notice period from employee, the amount involved is Rs. 0.01 crores.

k) There are numerous interpretative issues relating to the Supreme Court (SC) judgement on Provident fund dated 28th February, 2019. The financial impact on retrospective basis of Supreme Court judgement cannot be ascertained in March 2022 financial statements of the DAPSPL. However, DAPSPL has ensured there is no impact relating to the year ending March 31, 2022. DAPSPL will make necessary provision, on receiving further clarity on the subject.

II. Capital and Other Commitments of associates:

B) OTHER COMMITMENTS:

i. DAPSPL has entered into a Concessionaire Agreement with the Holding Company which gives DAPSPL an exclusive right to develop, operate, maintain, modernize and manage the vehicle parking and existing cargo terminal on revenue share model for a period of 25 years from the date of its operation. The revenue sharing will be as per the percentage prescribed in the concessionaire agreement for the respective years.

ii. TIMDAA has entered into memorandum of understanding with South Delhi Municipal Corporation (SDMC) on February 23, 2018, in which TIMDAA has agreed to pay to charges equivalent to 25% of revenue to SDMC for each of the outdoor advertisement as approved by SDMC. Revenue for current year includes Rs. 44.67 crores [Net Revenue Rs. 43.56 crores] [March 31, 2021: Rs. 22.14 crore [Net Revenue Rs. 21.84 crore] from outdoor advertisement sites permitted by SDMC.

3) Dividend received from Associates

4) Leases

(I) In case of DAPSPL:

On April 1, 2019, DAPSPL has adopted IND AS-116, Leases, using modified retrospective method. Accordingly the comparatives have not been retrospectively adjusted. The adoption of Ind AS 116, did not have any material impact for the year ended March 31, 2022. Hence no adjustment has been done in the Financials related to the standard. However, the DAPSPL has taken some operating lease as a lessee for which disclosures are made below:

(i) On September 1, 2019, the DAPSPL has taken guest house on monthly rental of Rs 0.05 crore for first 11 months with 7% escalation after every 11 months for recurring two lease renewals on non- cancellable period of 33 months which is further renewable for the same period at the option of lessor, to be exercised prior to three months before the expiry of the agreement. Below are the minimum lease payment as per agreement:

Period	**March 31, 2022**	March 31, 2021
Not later than one year	0.11	0.68
Later than one year but not later than five year	-	0.11

(II) In case of TFS

TFS has entered into cancellable operating lease arrangement for a warehouse. Lease payments recognized as expenses in the Statement of Profit and Loss during the year ended 31 March 2022 is Rs. 0.10 crore (March 31, 2021: Rs. 0.08 crore). Under the terms of the agreement, the TFS has provided interest free security deposit.

2) Commitments and Contingencies of joint ventures

I. Contingent Liabilities

a) In GBHHPL, there are certain pending legal cases amounting to Rs. 1.78 crore (March 2021 – Rs. 1.78 crore)

b) In GBHHPL, certain claims have been made against GBHHPL which were not acknowledged as debts which are as follows :

Parties	Court	Litigation Details	Financial Impact
State of Himachal Pradesh vs. GBHHPL	District Court of Himachal Pradesh	Case has been filed against GBHHPL challenging the order dated June 19,2012, wherein it was held that the notification dated November 30, 2009 (namely the New Hydro Power Policy, 2008) imposing 1% additional free power, would apply prospectively and not retrospectively. This is a batch matter with several other companies including JSW contesting the levy. Last listed on March 14, 2022 but could not reach hearing.	1% free power is deferred for 12 years. So, financial impact of the same is highly unlikely.
Mr. Mangani Ram and Vinod Kumar Vs GPCL	Supreme Court	Petitioners have challenged the grant of environmental clearance, approval for diversion of Forest Land, shifting of project site from right to the left bank of river Ravi. Petitioners have challenged order in W.P. No. 2083/2012, W.P. 9980/2012 as public interest litigation. Review petition No. 4009-10/2013 was filed by the petitioners which were dismissed. SLP is yet to be admitted.	Not Quantifiable
Kehar Singh and 13 Others Vs. State of Himachal Pradesh Collector, Land Acquisition Officer.	Land Acquisition Officer, Chamba	Regarding increase in compensation to be paid for the land acquired	Additional Cost of Rs. 1.78 Cr. Additional interest to be added thereafter

c) The main civil works under execution by M/s. Gammon Contractors and Engineers Pvt. Ltd is an Item rate contract. The contract has provision for variation in quantity and also to execute extra items as per the project requirement. Provision and procedure for determination of rate for such extra items are also available in the contract.

As per the contract, the contractor is eligible to get compensation for the extra cost which arises out of legislation changes. The actual cost implication due to such legislation changes are to be determined based on actual payment proofs which are under process.

Since inception of the project, the contractor has submitted overall claims amounting to Rs. 286.47 crore till May 2019 and further added Rs. 251.40 crore till August, 2021. Prima facie all these claims except for those relating to legislation change have been rejected. However, in interest of the expeditious & un-interrupted completion of the works, the settlement of the claims relating to the expenditure incurred genuinely to serve the interest of local stakeholders and on account of adverse geological strata is under discussion with the contractor. The working of such claims including legislation change submitted by Gammon till May 2019 have been arrived at Rs. 114 crore which has been processed based on availability of the documents/information/data etc. requested from them and will accordingly be processed for necessary approvals after due reconciliation and verification. Of these the acceptance /certification for an amount of Rs 114 crore after approval of management of GBHHPL stands communicated to Gammon. Apart from the above, the amount admissible against the claims submitted by Gammon for Rs 251.40 crore subsequently is under scrutiny.

Since the actual cost against claims is yet to be determined, the actual liabilities could not be established at this stage and same are not recognized in the financial statements.

d) Certain Works for the power house has been awarded to Contractors. These contracts do not have provision for revision of contract price. However, beyond the contract period for which time extension is granted, the additional compensation, if any, for remaining scope would be based on mutually agreed terms as per the final delay analysis. According to above contract provision, contract is valid till completion of facilities.

Since inception of the project, the contractors have submitted overall claims amounting to Rs 69.73 Crores as per following details till July, 2021, Prima facie all these claims till now have been rejected through various correspondences. Since these Claims are under scrutiny, they have not been accounted.

e) Claims of Vicky Engineering for face 6 steel liner of about Rs. 0.14 crores and around Rs. 0.08 crores against lot 4 Works have been received against HM Works.

DDFSPL:-

f) DDFSPL has a contingent liability amounting to Rs. 1.59 crore (March 31, 2021 -Rs 1.24 crore) representing income tax demand for assessment year 2017-18 & 2018-19 on account of certain disallowances. The management of DDFSPL do not expect any outflow on this account.

g) DDFSPL had filed three refund applications (for three quarters) dated January 31, 2018 under section 11(B) of Central Excise Act, 1944 seeking refund of Rs. 40.62 Crores being the service tax and cess paid on license fees, marketing fees, airport services charges and utility charges during the period October 2016 to June 2017 for services rendered to the DDFSPL at the duty-free shops at T-3, IGI Airport, Delhi. Such refund claims were filed in pursuance of the decision of the CESTAT Mumbai in Commissioner of Service Tax - VII, Mumbai vs. Flemingo Duty Free Pvt Ltd 2018 (8) GSTL 181 (Tri. Mumbai) (Flemingo) wherein it was held that service tax on license fee was not payable since services were provided outside taxable territory.

In respect of the said refund applications, the DDFSPL received a Show Cause Notice (SCN) dated August 24, 2018 that refund claims for the period October 2016 to January 2017 were barred by limitation and refund cannot be processed. Vide order dated September 06, 2018, the Assistant Commissioner, CGST held that only the period of October 2016 to December 2016 is barred by limitation and denied refund of Rs. 12.78 Crores. The balance amount of Rs. 27.84 Crores was allowed in favor of the DDFSPL and subsequently refunded to the DDFSPL, which was recognized as income in Statement of Profit and Loss during the quarter and six months ended September 30, 2018 when this refund was received. The Department filed an appeal against the aforesaid Order dated September 06, 2018 before Commissioner (Appeals) to the extent refund of Rs. 27.84 Crores held to be payable to the DDFSPL. The said appeal of the Department has been rejected by the Commissioner (Appeals) vide Order dated May 18, 2020. On August 04, 2020 the Department filed an appeal before the CESTAT, New Delhi against the order of Commissioner (Appeal) dated May 18, 2020.

As against denial of refund of Rs 12.78 Crores, the DDFSPL filed an appeal before the Commissioner (Appeals) who rejected the appeal on May 10, 2019 and upheld the Order dated September 06, 2018. The DDFSPL filed an appeal before the CESTAT, New Delhi who allowed the appeal of the DDFSPL vide its Order dated August 14, 2019 and held that since service tax was not payable on license fee, the limitation prescribed under Section 11B of the Central Excise Act, 1944 has no application. Accordingly, refund of Rs. 12.78 Crores is allowed in favor of the DDFSPL. The Department served a copy of the appeal along with application for stay against the CESTAT Order dated August 14, 2019 before the Delhi High Court in March 2020 which has yet to be listed.

The DDFSPL had also filed application dated December 31, 2018 with the Department for the period April 2010 to September 2016 seeking refund of service tax and cess amounting to Rs.182.13 Crores paid on the input services (concession fee, marketing fee, airport service charges and utility charges) rendered to the DDFSPL at the duty-free shops at T-3, IGI Airport, Delhi. The Assistant Commissioner issued the Order dated June 26, 2019 rejecting the claim filed by the DDFSPL that the Duty-free shops are in non-taxable territory. The DDFSPL filed an appeal on August 07, 2019 against the Assistant Commissioner's Order before Commissioner (Appeals) and received an Order dated May 26, 2020 in favour of the DDFSPL allowing the refund of Rs. 182.13 Crores. The DDFSPL requested the Asst. Commissioner to process the refund based on the Order passed by the Commissioner (Appeals). The Assistant Commissioner issued a SCN dated August 04, 2020 asking the DDFSPL to explain that the refund claim is not hit by the bar of unjust enrichment as incidence of duty appears to be passed by the DDFSPL to their customers at the time of sale of goods. Subsequently on August 04, 2020 the Department filed an appeal before the CESTAT, New Delhi against the Order of Commissioner (Appeals) dated May 26, 2020. The DDFSPL filed a reply before the CESTAT on December 24, 2020 against the department's appeal dated August 04, 2020 before the CESTAT. The hearing on the matter is scheduled for July 5, 2022.

In the meanwhile, the Assistant Commissioner issued two separate Orders dated December 10, 2020 on the respective SCNs and rejected the refund of service tax of Rs 182.13 crores and Rs 12.78 crores. The DDFSPL filed a rectification / recall request under Section 74 of the Finance Act, 1994 dated December 23, 2020 against both the rejection Orders before the Principal Commissioner and the Assistant Commissioner. Subsequently the DDFSPL also filed an Appeal against both the rejection Orders of the Assistant Commissioner, before the Commissioner (Appeals) on February 15, 2021.

The DDFSPL has received Order-in-Appeal dated September 24, 2021 for refund of Rs. 182.13 crores and Rs. 12.78 crores, upholding the Order-in-Original passed by the Assistant Commissioner both dated December 10, 2020 for the amounts of Rs. 182.13 crores and Rs. 12.78 crores. The DDFSPL has filed appeals against both the Orders of Commissioner Appeals before CESTAT on November 03, 2021, that is currently pending disposal.

Having regard to status of matters referred above and in view of inherent uncertainty in predating final outcome of above litigations, involving refunds, which is sub-judice, refund of Rs. 27.84 crores (as at March 31, 2021 – Rs. 27.84 crores) received in an earlier year has been considered as contingent liability by the management.

h) Subsequent to the year ended March 31, 2022, DDFSPL received a Demand cum Show Cause Notice dated April 21, 2022, based on special audit conducted under Section 72A of Finance Act, 1994 for the second half of financial year 2016-17 and period April 1, 2017 till June 30, 2017, wherein The Commissioner of Central Tax and CGST, Delhi ("Department") has sought to recover service tax dues alongwith interest and penalty aggregating to Rs. 40.16 crores pertaining to the said period. DDFSPL, through its legal counsel has filed a writ petition before High Court of Delhi on April 26, 2022, challenging the initiation of special audit and consequential Demand cum Show Cause Notice mentioned above, citing that due procedures were not followed by the Department and no opportunity of being heard was given to the DDFSPL. Based on opinion by its tax expert, the management believes that the likelihood of any liability (in relation to service tax dues, interest and penalty) devolving on the DDFSPL is not probable and thus, no adjustment is considered necessary in DDFSPL financial statements at this stage.

II. Guarantees other than financial guarantees by joint ventures:-

In GBHHPL, the company has provided bank guarantee amounting to Rs 33.09 crore. (March 31, 2021 is Rs. 24.09 crore)

III. Financial guarantees by joint ventures

The Joint Ventures have not provided any financial guarantee other than performance guarantee on its own behalf, to any party.

IV. Capital and Other Commitments of joint ventures:-

A) CAPITAL COMMITMENTS OF JOINT VENTURE:

The capital commitment of joint ventures is as below:

Particulars	DAFFPL		DDFSPL		GBHHPL	
	As at March 31, 2022	As at March 31, 2021	**As at March 31, 2022**	As at March 31, 2021	**As at March 31, 2022**	As at March 31, 2021
Capital Commitments	**88.12**	114.90	**0.67**	0.37	**65.00**	25.00

B) OTHER COMMITMENTS OF JOINT VENTURES:

i. In accordance with the concession agreement, DAFFPL is required to pay annual license fees to the Holding Company, an amount of Rs. 24.62 crores (March 31, 2021: Rs. 22.90 crores) has been accounted for in respect of current year. The license fee is to be increased by 7.5% p.a. during the term of the lease.

C) OTHER DISCLOSURES OF JOINT VENTURES:

i. In GBHHPL, Based upon the calculation of recoverable value of CWIP carried out by an Independent Expert as at December 31, 2020, December 31, 2021 and March 31, 2022, the carrying value of CWIP is lower than the recoverable amount by Rs 110 crores Rs. 186 crores and Rs. 78 crores respectively. Such reduction is coming mainly due to delay in estimated COD to December 31, 2021, February 28, 2022 and March 28, 2022 respectively, considered for GBHHPL plant by Independent Expert. Accordingly, a reduction in CWIP value by 110 crores 186 crores and Rs. 78 crores is recognized in the financial statements of the GBHHPL for the period ended June 30, 2021, January 31, 2022 and March 31, 2022 respectively.

ii. In GBHHPL, During September, 2018 & October 2018 due to heavy rain & flood, few equipment & work done like roads & temporary structure have been washed out. The company intimated the event to the Insurance Company & requested for assessment of loss. The Insurer appointed a Professional loss evaluator for assess the loss and as an Adhoc measure, the insurer has paid amount of Rs 17.29 crores as advance compensation out of claim of Rs 30.57 crores recognized in GBHHPL financial statement. Out of the remaining Rs. 13.28 crores out of the claim made Rs. 9.69 crores of full & final settlement has been received by the insurance company and Rs. 3.60 crores of loss is recognised in the GBHHPL financial statement.

iii. DAFFPL's Capital Work in Progress as on March 31, 2022 includes Rs.154.32 crores on account of T1 Hydrant expansion project which is being executed through M/s Larsen & Toubro Limited (Contractor). As requested by the contractor construction timelines of the project has been provisionally extended by around 9 months (i.e. till 31.03.2023) is approved by the Board of Directors, due to its interdependency on construction of Terminal-1 by the Holding Company which is delayed due to Covid-19 pandemic & other reasons. Further, contractor has confirmed that no escalation amount is claimable on account of extension of timeline.

iv. DAFFPL is paying property tax annually on self-assessment basis for property, since it occupancy. On October 7, 2021, South Delhi Municipal Corporation (SDMC) issued a notice seeking assessment of property tax for the period (F.Y.) 2004-05 to 2020-21 for property occupied by the DAFFPL. Thereafter, SDMC officials have inspected the property to finalise the assessment of the property tax.An assessment order dated January 14, 2022 was issued demanding Rs.3.34 crores as an additonal demand excluding interest & penalty to the tune of Rs.3.98 crores. Based on the legal opinion obtained , DAFFPL has accepted the assessment order of the SDMC and has decided to pay the differential property tax demand of Rs.333.73 lacs within the due date i.e. January 31, 2022 to avail the benefit of Property Tax General Amnesty Scheme 2021-22 which permit 100% waiver of interest and penalty . DAFFPL has paid all dues as per the assessment made by SDMC within the due date fixed under the Property Tax General Amnesty Scheme 2021-22 and no dues are outstanding at the end of the financial year.

Further, the amount of above stated additional demand consists of property tax for the period FY 2004-05 to June 2010 when the property was in occupation of Bharat Petroleum Corporation Ltd (BPCL). DAFFPL has requested to the BPCL for the reimbursement of the proportionate amount for the period when the property was in their occupation. Since, the response of the BPCL is still awaited the accounting of recovery, if any, shall be accounted for at the time of recovery.

v. In case of DAFFPL, Tariff on account of Fuel Infrastructure Charges (FIC)/ revenue rate for the DAFFPL) is determined by the Airport Economic Regulatory Authority of India (AERA) for a period of five years called control period.

AERA has determined Fuel Infrastructure Charges for the third control period (F.Y. 2021-22 to F.Y. 2025-26) vide their order dated October 7, 2021. During the rate determination process of third control period, AERA has factored True-up value (over recovery) of second control period amounting to Rs. 144.55 crores as per their prevailing guidelines. Hence, the new FIC rate for third control period (F.Y. 2021-22 to F.Y. 2025-26) fixed by AERA are as follows:

Period	**April-Oct'21**	**Nov-Mar'22**	**FY' 2022-23**	**FY' 2023-24**	**FY' 2024-25**	**FY' 2025-26**
FIC Rate as determined by AERA (Rs/KL)	609	548	469	402	344	293

Due to inadequate clarity about various issues relating to accounting of True-Up value, DAFFPL has approached to obtain the opinion of Expert Advisory Committee (EAC) of ICAI, since opinion of EAC-ICAI is still awaited, therefore accounting of true-up of second control period i.e. over-recovery of Rs.144.55 crores and true-up adjustment of actual vis-à-vis FIC rate for the period April 1, 2021 to March 31, 2022 has not been accounted for & deferred till the receipt of opinion of EAC of ICAI, therefore impact of the above has not been ascertained and provided in the DAFFPL financial statements.

(All amounts in Rupees Crores, except otherwise stated)

In case of DDFSPL

(i) The Holding company had entered into Operation, Management and Development Agreement (OMDA) Airports Authority of India ('AAI'), which gives the Holding company an exclusive right to operate, maintain, develop, modernise and manage the Indira Gandhi International Airport (IGIA), New Delhi ('Delhi Airport') on a revenue sharing model for the period mentioned in the said OMDA. In the year 2010, the Holding company has given license to DDFSPL for running the duty free operations at Delhi Airport on payments of specified sum. The license fees for the duty free outlets are based on higher of the revenue share amount and the Actual Monthly Guarantee (MMG) amount calculated in the manner set out in the License agreements entered by DDFSPL with the Holding Company.

DDFSPL has also entered into certain cancellable operating lease agreements mainly for office premises and warehouses. DDFSPL has also entered into a non-cancellable agreement for a warehouse which is under construction in respect of which DDFSPL has given interest free security deposits of Rs. 11.04 crores (March 31, 2021 Rs. 11.04 crores).

(ii) With effect from April 1, 2019, DDFSPL has adopted Ind AS 116, 'Leases' and applied to all lease contracts existing on April 1, 2019 using the modified retrospective method and has taken the cumulative adjustment to retained earnings, on the date of initial application (1 April 2019). Right-of-use (ROU) assets at 1 April, 2019 for leases previously classified as operating leases were recognized and measured at an amount equal to lease liability (adjusted for any related prepayments). The DDFSPL has elected not to apply the requirements of Ind AS 116 to short term leases.

In respect of certain duty free outlets where MMG are not fixed throughout the term, the management has assessed that the payments do not fulfil the definition of lease payments (i.e. not fixed or in substance fixed and not variable payments linked to an index) and thus are not to be included in the lease payments for the purpose of computing lease liability under Ind AS 116 and presented separately in the Statement of Profit and Loss.

DASPL has entered into certain cancellable operating lease agreements and an amount of Rs. 0.45 crore (March 31, 2021: Rs. 0.41 crore) paid during the period under such agreements.

44. Other Disclosures

a) AERA DF Order No. 28/2011-12, 30/2012-13 and AERA tariff order No. 03/2012-13 and 57/2020-21 on determination of Aeronautical Tariff; issued on November 14, 2011, December 28, 2012, April 24, 2012 and December 30, 2020 respectively

AERA has issued tariff order no 57/2020-21 for third control period ("CP3") starting from April 1, 2019 to March 31, 2024 on December 30, 2020 allowing the Holding Company to continue with BAC+10% tariff for the balance period of third control period. AERA has also allowed compensatory tariff in lieu of Fuel Throughput Charges w.e.f. February 01, 2021 for the balance period of third control period. The Holding Company had also filed an appeal against some of AERA's decision in third control period order on January 29, 2021 with TDSAT.

The Holding Company's appeal against the second control period ("CP2") is pending before the TDSAT and the same is still to be heard which shall be heard in due course. Also, The Holding Compan in respect of TDSAT order against first Control period appeal dated April 23, 2018 has filed a limited appeal in the Hon'ble Supreme Court of India on July 21, 2018 and same is still to be heard.

TDSAT at the request of AERA and concurred by the Holding Company has agreed and tagged CP2 appeal with CP3 appeal. The matter is being sub judice at TDSAT.

b) The Holding Company has a receivable of Rs. 28.58 crore as at March 31, 2022 (March 31, 2021: Rs. 196.31 crores) (including unbilled receivables) from Air India Limited and its subsidiaries namely Indian Airlines Limited, Airline Allied Services Limited and Air India Express Limited collectively referred as 'Air India'. The Air India is privatized w.e.f. January 27, 2022 and control is transferred to Tata Sons by Government of India. During the year ended March 31, 2022, the Holding Company has received Rs. 148.16 crores (including GST) towards interest agreed to be paid by Air India Limited. Pursuant to the interest settlement with Air India during the year ended March 31, 2022, the Holding Company has reversed interest receivable of Rs 19.90 crores in statement of profit & loss and shown as part of exceptional item. In view of continuous reduction in the overdue quarter on quarter, the Holding Company considers its due from Air India as good and fully recoverable.

* During the year March 31, 2022, the Holding Company has received Rs 168.71 crores for common infra development from Developers.

f) Based on the legal opinion taken, the management of the Holding Company is of the view that the Annual Fee payable to AAI should be based upon "Revenue" as defined under OMDA instead of on Gross Receipts credited to the statement of profit and loss (with certain exclusions). The matter is in dispute with the AAI and pending with arbitration tribunal, currently annual fee to AAI is being paid under protest on similar basis as was being paid earlier. Both the parties have completed its final arguments in arbitration proceedings and the matter is reserved for passing of Award.

g) The Holding Company is collecting "Marketing Fund" at a specified percentage from various concessionaires as per the agreement with respective concessionaires and to be utilized towards sales promotional activities as defined in such agreements in accordance with the Marketing Fund policy adopted by the Holding Company. As at March 31, 2021, the Holding Company has accounted for Rs. 196.30 crore (March 31, 2021: Rs. 181.07 crore) towards such Marketing Fund and has incurred expenditure amounting to Rs. 155.66 crore (March 31, 2021: Rs. 129.34 crore) (net of income on temporary investments) till March 31, 2022 from the amount so collected. The balance amount of Rs. 40.63 crore pending utilization as at

March 31, 2022 (March 31, 2021: Rs. 51.72 crore) against such sales promotion activities is included under "Other current liabilities" as specific fund to be used for the purposes to be approved by the Marketing fund committee constituted for this purpose as per Marketing Fund Policy.

h) The Holding Company is of the view that certain income/ credits arising on adoption of Ind-AS were not in contemplation of parties in April 2006 when this Concession Agreement i.e.OMDA was signed / entered. Further, these income/credits in Statement of Profit and Loss do not represent receipts from business operations from any external sources and therefore, these incomes/credits should not form part of "Revenue" as defined in OMDA for the purpose of calculating monthly annual fee (MAF) payable to AAI. Accordingly, the Holding Company, based on legal opinion has provided the MAF to AAI based on Revenue as per the Ind AS financial statements after adjusting such incomes/credits. Detail of such incomes / credits are as under:

Description	**Incomes forming part of**	**For the year ended March 31, 2022**	For the year ended March 31, 2021

Discounting on fair valuation of deposits given	Other income	**0.98**	0.20
Significant financing component on revenue from contract with customers	Sale of services – Non Aeronautical	**-**	1.89

However, the Holding Company has accrued revenue on straight line basis, in accordance with Ind AS 116, Annual fee on this revenue is also provided which is payable to AAI in future years on actual realization of revenue as below:

Description	**For the year ended March 31, 2022**	For the year ended March 31, 2021
Revenue from Operations	419.00	735.21
Annual Fees to AAI	192.70	338.12

Further, the Holding Company has also provided the "Airport Operator Fees" included in "Other expenses" based on "Gross revenue" for the last financial year, after excluding the income/ credits from above transactions.

i) As per the transfer pricing rules prescribed under the Income tax act, 1961, The Holding Company is examining the domestic and international transactions and documentation in respect thereof to ensure compliance with the said rules. The Holding Company's management does not anticipate any material adjustment with regard to the transactions during year ended March 31, 2022.

j) The Hon'ble Orissa High Court vide Judgement in W.P. No.20463/2018, in the case of Safari Retreats Private Limited, observed that the GST provisions w.r.t input tax credit allowability in respect of Civil work are not in line with the objective of the Act, and accordingly, held that if an assessee is required to discharge GST on the rental income, it is eligible to avail the Input Tax Credit (ITC) of GST w.r.t. civil work. The Holding Company is engaged in rendering output supplies which is in the nature of letting out space/ facilities to various airline operators and other parties/concessionaires, against consideration, known by different nomenclatures and the same is subject to GST. Hence, the Holding Cmpany has availed the GST ITC in respect of the costs for civil work incurred as part of the Phase 3A expansion project and regular operations, upon application of the said judicial pronouncement. Further, department has filed an appeal in Hon'ble Supreme Court of India against the judgement of Hon'ble Orissa High Court. Pending outcome of judgement of Hon'ble Supreme Court of India, considering the judgement of Hon'ble Orissa High Court and based on the opinion obtained by the Holding Company in this regard, the Management is of the view that GST ITC in respect of such civil work is eligible to be availed by the Holding Company. Having regard to the same, GST ITC amounting to Rs. 754.78 crores (March 31, 2021: Rs.477.62 crores) has been claimed in GST return and lying as balance to GST ITC unutilised kept in separate ledger in the books of accounts. Also an intervention application has been filed by DIAL before Hon'ble Supreme Court of India in the matter of appeal filed by the department against Judgement of Orissa High Court in the matter.

Further a Writ Petition has also been filed by the Holding Company in the matter before Delhi High Court on July 10, 2020, for ITC claim to be allowed of GST in respect of the civil works i.e. works contract service and goods and services received by the Holding Company for construction of immoveable property used for providing output taxable supplies. The writ was heard by the Hon'ble High Court on July 29, 2020 and has issued notice to the respondents. Accordingly, the matter was heard on various dates and next date of hearing has been fixed on September 23, 2022.

m) The Holding Company has entered into Development agreements with five developers collectively referred as Bharti Reality SPV's ("Developers") on March 28, 2019 ("Effective date") granting the Developers the right during the term for developing 4.89 million square feet commercial space from the Effective Date subject to the receipt of applicable permits. As per the terms of Development agreements, the Holding Company is entitled to receive interest free refundable security deposit ("RSD"), advance development cost ("ADC") and the annual lease rent ("ALR") in certain manner and at certain times as stated in the respective development agreements.

With respect to the receipt of applicable permits, the approval of Concept Master Plan ("CMP") was received from Delhi Urban Art Commission (DUAC) in March 2021. Thereafter, a sudden surge in Covid-19 cases emerged in India affecting the entire economy. Accordingly, the Holding Company was not in a position to effectuate the transaction and seek payment of ALR, balance amount of RSD and ADC from the Developers until August 2021.

On August 27, 2021, basis the CMP, the Holding Company has entered into certain modifications w.r.t. area and date of commencement of lease rental for the three Developers. As per amended agreements, lease rentals have started with effect from September 1, 2021 for modified area of 2.73 million square feet (approx.).

Accordingly, considering the above and the amendment with three Developers as Lease Modification, lease receivables (including unbilled revenue) of Rs. 678.04 crores accrued until August 2021 has been adjusted to balance lease period, in accordance with recognition and measurement principles under Ind AS 116 "Leases". Consequently, the Holding Company has also carried forward the provision of annual fee to AAI of Rs. 211.35

crores corresponding to straight lining adjustments of Ind AS 116 which will get adjusted in future in line with Lease receivables.

In respect of Development agreements with two Developers for balance area of 2.16 million square feet (approx.), the asset area will be identified by DIAL not later than February 28, 2023, as per mutual understanding vide agreement dated August 27, 2021. Accordingly, all payments will be due basis the handover of asset area. Pending identification of asset area and effectiveness of lease, the Holding Company has reversed the lease receivables (including unbilled revenue) of Rs. 462.33 crores pertaining to these two developers recognized earlier until August 2021 in accordance with recognition and measurement principles under Ind AS 116 "Leases". Further, the Holding Company has also reversed the provision of annual fee to AAI of Rs. 144.11 crores corresponding to the straight lining adjustments of Ind AS 116 recognized earlier until August 2021. Further, the Holding Company has also made the required adjustments of RSD as per Ind AS 109, reversing the discounting impact amounting to Rs. 6.94 crores in consolidated statement of profit & loss. The net amount of Rs. 325.16 crores is disclosed as an "Exceptional item" in consolidated statement of profit & loss.
